PUBLIC QUESTION TIME

The Commissioner intends to trial a modified Public Question Time format while she is in the role. This will be subject to modification as required.

Initially, there will be an extended Public Question Time. Members of the public wishing to ask a question will be asked to register upon arrival at the meeting and indicate the nature/topic of the question. The Commissioner will then group questions according to the topic/agenda item.

Please have regard for others who might wish to ask questions and keep your question/contextual information as succinct as possible. Generally speaking, each person will be able to ask up to two questions on a topic or issue. If you have more than two questions you may be asked to wait until others have had a turn and then, time permitting, you may return to ask your further question/s.

Short statements/contextual information will be permitted, however, if you wish to have the opportunity to make a longer statement you should seek permission to make a deputation prior to the meeting.

You may ask a question on behalf of an organisation/group, however, you will be asked to formally declare that you have the appropriate authority to speak on behalf of the organisation/group.
