SMITH, Chris

With wife Sarah, we commenced an electrical business in Donnybrook 8 years ago.

We endorse the unique lifestyle and wonderful community spirit as a great environment to live and raise our four young boys.

As a successful small business operator and an active committee member of the Chamber of Commerce, I see a real opportunity to contribute towards enhancing retail and economic sustainability throughout the Shire to attract a new wave of much needed population growth.

Through my role as a Donnybrook Juniors Football Coach for 4 years, I understand the importance of providing “*state of the art*” sporting, recreational and healthcare facilities as a basis of promoting a healthy and active wellbeing for all residents, especially our youth.

Given our iconic status as the “core of the South West”, I am a true believer of the think globally, act locally scenario.

Let’s make our heritage rich Shire even better!
