SHIRE OF DONNYBROOK BALINGUP
NOTICE OF ORDINARY COUNCIL MEETING

To be held at the Council Chambers
Wednesday, 15 December 2021 at 5.00pm

1 DECLARATION OF OPENING / ANNOUNCEMENT OF VISITORS

Shire President – Acknowledgment of Country

The Shire President to acknowledge the traditional custodians of the land, the Wardandi People of the Noongar Nation, paying respects to Elders, past, present and emerging.

The Shire President to declare the meeting open and welcome the public gallery.

The Shire President advised that the meeting is being digitally recorded to assist with minute taking in accordance with Council Policy 1.25. The Shire President further stated the following:

If you do not give permission for your participation to be recorded, please indicate this at the meeting. Members are reminded that no other visual or audio recording of this meeting by any other means is allowed without the permission of the Chairperson.

- 15 December 2021 Ordinary Council Meeting - Donnybrook

4 DECLARATION OF INTEREST

Division 6: Sub-Division 1 of the *Local Government Act 1995*. Care should be taken by all Councillors to ensure that a financial/impartiality interest is declared and that they refrain from voting on any matter, which is considered to come within the ambit of the Act.

Cr. Massey declares an impartiality interest in item 12.1.1 RFT 03/2122 – Wet Plant as she is a known person to one of the tenderers.

5 PUBLIC QUESTION TIME

5.1 RESPONSES TO PREVIOUS PUBLIC QUESTIONS TAKEN ON NOTICE

5.2 PUBLIC QUESTION TIME

6 PRESENTATIONS

6.1 PETITIONS

6.2 PRESENTATIONS

6.3 DEPUTATIONS

Mr Rod Atherton : Goods Shed, Station Square, Apple Fun Park

Mr Ian Telfer (in his role as Chairperson of the Forest Industries Federation WA) : State Government ban on hardwood logging in State Forests.

7 CONFIRMATION OF MINUTES

7.1 ORDINARY MEETING OF COUNCIL – 24 NOVEMBER 2021

Minutes of the Ordinary Meeting of Council held 24 November 2021 are attached (attachment 7.1(1)).

EXECUTIVE RECOMMENDATION

That the Minutes from the Ordinary Meeting of Council held 24 November 2021 be confirmed as a true and accurate record.

7.2 LOCAL EMERGENCY MANAGEMENT COMMITTEE MEETING - 30 NOVEMBER 2021

Minutes of the Local Emergency Management Committee Meeting held 30 November 2021 are attached (attachment 7.2(1)).

EXECUTIVE RECOMMENDATION

That the Minutes from the Local Emergency Management Committee Meeting held 30 November 2021 be received.

7.3 AUDIT AND RISK MANAGEMENT COMMITTEE MEETING - 7 DECEMBER 2021

Unconfirmed Minutes of the Audit and Risk Management Committee Meeting held 7 December 2021 are attached (attachment 7.3(1)).

EXECUTIVE RECOMMENDATION

That the unconfirmed Minutes from the Audit and Risk Management Committee Meeting held 7 December 2021 be received by Council.

8 REPORTS OF COMMITTEES

9 REPORTS OF OFFICERS

9.1 DIRECTOR OPERATIONS

9.1.1 DONNYBROOK WASTE MANAGEMENT FACILITY - LANDFILL CLOSURE MANAGEMENT PLAN AND TRANSFER STATION CONCEPT DESIGN

| | |
|----------------------------|--|
| Location | Shire of Donnybrook Balingup |
| Applicant | Shire of Donnybrook Balingup |
| File Reference | HLT 09/2 |
| Author | Steve Potter, Director Operations |
| Responsible Officer | Steve Potter, Director Operations |
| Attachments | 9.1.1(1): Landfill Closure Management Plan 9.1.1(2): Transfer Station Concept Design Report |
| Voting Requirements | Simple Majority |

Recommendation

That Council:

1. **Receives and endorses the Landfill Closure Management Plan (November 2021) (Attachment 9.1.1(1)) prepared by ASK Waste Management Pty Ltd to provide direction for future operations and progressive closure of the landfill at the Donnybrook Waste Management Facility;**
2. **Receives and endorses the Transfer Station Concept Design (November 2021) (Attachment 9.1.1(2)) prepared by ASK Waste Management Pty Ltd, to guide the future transition to a Transfer Station at the Donnybrook Waste Management Facility at the completion of landfill activities;**
3. **Instructs the Chief Executive Officer to make a formal application to the Department of Water and Environmental Regulation (DWER) to amend the facility licence to align with the endorsed Landfill Closure Management Plan and Transfer Station Concept Design;**
4. **Authorises the Chief Executive Officer to liaise with the Department of Biodiversity, Conservation and Attractions to ensure lease arrangements support the implementation of future plans contained within the endorsed Landfill Closure Management Plan and Transfer Station Concept Design.**
5. **Instructs the Chief Executive Officer to incorporate estimated future costs into relevant planning documents including future versions of the Long Term Financial Plan and Corporate Business Plan.**

STRATEGIC ALIGNMENT

The following outcomes from the Corporate Business Plan relate to this proposal:

| | |
|----------------|--|
| Outcome 2.4: | Efficient and effective waste service |
| Strategy 2.4.1 | Undertake efficient and effective waste services |
| Action 2.4.1.2 | Provide efficient and effective waste services |

EXECUTIVE SUMMARY

Two documents that provide guidance for the future planning and operation of the Donnybrook Waste Management Facility (DWMF) are presented to Council for endorsement, these being:

- Landfill Closure Management Plan (November 2021) (Attachment 9.1.1(1)); and
- Transfer Station Concept Design (November 2021) (Attachment 9.1.1(2)).

It is recommended that Council endorses the documents and instructs the Chief Executive Officer to:

- make application to the Department of Water and Environmental Regulation (DWER) to amend the Shire's facility licence for the DWMF to align with the endorsed documents;
- liaise with the Department of Biodiversity, Conservation and Attractions (DBCA) to ensure lease arrangements support the Shire's future endeavours as outlined in the endorsed documents.
- incorporate estimated future costs into relevant planning documents including the Long Term Financial Plan and Corporate Business Plan.

BACKGROUND

The Shire has operated a landfill facility at the location of the DWMF since the 1950's, however the site was not formally licensed by the Department of Water and Environmental Regulation (DWER, formerly DEC) until 1997.

In 2013, the Shire adopted the original version of a Landfill Closure Management Plan (LCMP - V1) which proposed to progressively close the existing landfill area and expand to the south-west by constructing new unlined cells on adjacent cleared land.

Figure 1: Current Operations, DWMF

In 2016 a Works Approval (Ref: W5577/2013/1) was granted by DWER to construct new cells on the adjoining cleared land, however the approval contained conditions that required the Shire to construct fully lined cells with associated leachate management and other compliance measures. Further assessment revealed that the cost of constructing new cells to DWER’s required standards was cost prohibitive for a smaller local government such as the Shire of Donnybrook Balingup.

This resulted in the Shire re-considering its preferred approach for the future of the site and an ‘Economic Review (Waste Facility Future Options)’ was undertaken in 2017 which examined several options, including the landfill expansion as originally proposed, and an alternative approach to develop a transfer station whereby waste would be disposed at an off-site facility such as the Bunbury Harvey Regional Council (BHRC) facility at Stanley Rd, Leschenault, or the Cleanaway facility at Banksia Road, Dardanup. The outcome of this assessment indicated that the transfer station option, whilst being more expensive than the existing landfill facility, would be the most cost effective option, when compared to constructing new lined cells.

Due to the time that has passed since the original LCMP was prepared and the changes in Council direction since its adoption in 2013, the Shire was required to prepare an updated LCMP (V2) and has also produced concept level plans for the future transfer station to enable future land use and financial planning to occur.

The preparation of the LCMP (V2) was informed by a Council decision in April 2021 where it considered further economic modelling in a ‘Future Options Assessment’ which compared various operational options and the costs of each.

In considering this report, Council resolved the following:

“That Council:

- 1. Receives the Future Options Assessment – Donnybrook Waste Management Facility as contained in Attachment 12.1.1(1)*

2. *Determines that it is the Shire's intent to prolong the life of the existing landfill facility for as long as possible and directs the Chief Executive Officer to instruct ASK Waste Management to prepare the Landfill Closure Management Plan on this basis;*
3. *Requests the Chief Executive Officer to bring the draft Landfill Closure Management Plan back to Council for consideration."*

In light of this decision of Council, the LCMP (V2) has been prepared with a view to extending the life of the existing landfill facility for as long as possible within the available space, due to the increased cost implications of the transfer station mode of service delivery.

There are two documents presented to Council for consideration, these being the LCMP and Transfer Station Concept Design (TSCD). Whilst there is a range of specific information provided in each, a summary of the main components are provided.

Landfill Closure Management Plan

- Facility Overview
- Environmental Attributes
- Legislative Context
- Risk Assessment
- Rehabilitation Design
 - Current Landfill Profile
 - Proposed Final Profile
- Capping System Design
- Surface Water Management Design
- Landfill Gas Management Design
- Revised Risk Assessment
- Post-closure Management and Reporting
- Costs and Finances

Transfer Station Concept Design

- Outline of necessary services for the community

- Quantification of material expected
- Analysis of collection and transport methods
- Development of schematic transfer station design
- Budget estimates of capital costs and operational costs

Key Considerations

Whilst the documents contain a breadth of information, several key points are highlighted below:

- The facility is forecast to utilise approximately 6,200m² of airspace per annum to landfill approximately 3,000 tonnes of waste.
- Based on the proposed final landform, approximately 98,955m³ of airspace is available. This results in a projected operational life of 10-12 years, with a projected final closure in approximately 2031-2033.
- The LCMP (V2) divides the landfill area into four phases Phases A-D), with the intent being to progressively complete each section and undertake appropriate rehabilitation as per the following plan:

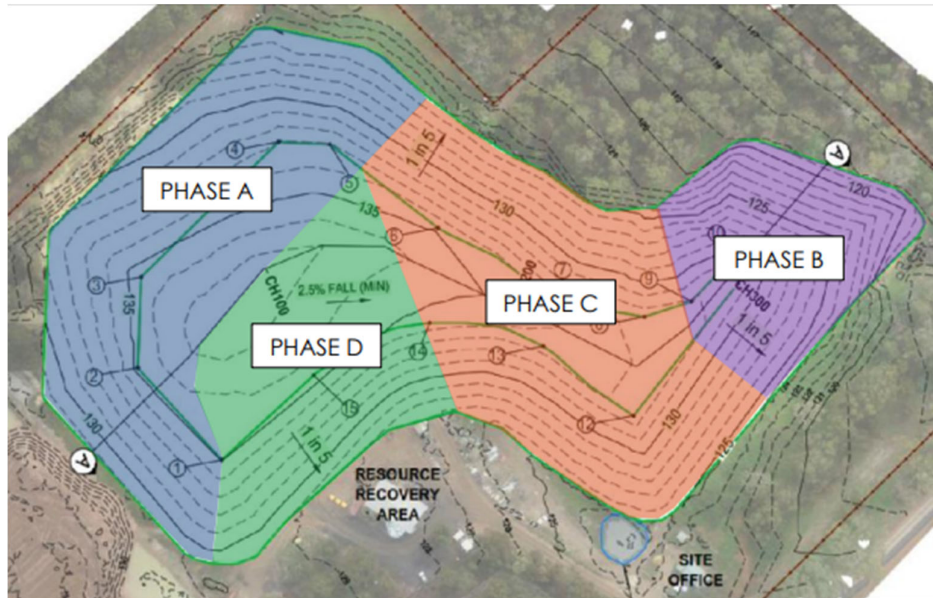

Figure 2: Phases of filling for the final landform

- The proposed progression of the landfill will require land currently used for resource recovery for future landfill and therefore a temporary resource recovery lay down area will be established immediately adjacent to the landfill as and when required;

- Construction of the new transfer station will commence as 'Phase C' is being progressed to facilitate the transition and ensure continuity of operations as the landfill comes to a close.
- The transfer station will be located to the south west of the existing landfill area and will utilise an existing separate access point onto Goodwood Road. Plans showing the future overall site layout and transfer station concept design are provided below:

Figure 3: Future Overall Site Layout

Figure 4: Transfer Station Concept Design

FINANCIAL IMPLICATIONS

- The operational costs of the DWMF (management and facility costs) currently equate to approximately \$309,000 per annum (based on 2021/22 Annual Budget);
- Total estimated capital costs for landfill capping and transfer station establishment are estimated at \$3,454,395 with a breakdown of costs provided as follows:

| Description | Phase A | Phase B | Phase C | Phase D | Post closure |
|---------------------------|------------------|------------------|--------------------|------------------|------------------|
| Immediate cover | 103,680 | 47,760 | 99,600 | 62,280 | - |
| Capping and closure works | 565,175 | 219,700 | 457,200 | 286,200 | 252,000 |
| Transfer Station works | 111,600 | - | 1,069,200 | - | 180,000 |
| TOTALS | \$780,455 | \$267,460 | \$1,626,000 | \$348,480 | \$432,000 |

- The Shire has a Waste Management Reserve which has a current balance of \$1,476,407.
- When the transfer station becomes the sole mode of service delivery annual operational costs are estimated to increase by a minimum of \$160,000 per annum when compared with the current costs.
- A significant amount of soil intended for future capping of the landfill has been transported to the site and is being stored on the cleared section of the site. The soil has been sourced from a major Main Roads WA (MRWA) project currently underway south of Donnybrook and is estimated have a value in the hundreds of

thousands of dollars. Council has agreed to a \$50,000 contribution for the transport of the material which will be paid upon receipt of an invoice from MRWA.

POLICY COMPLIANCE

Nil

STATUTORY COMPLIANCE

The DWMF is a licenced facility with DWER, with the current licence valid until 30 June 2024.

Should Council resolve to support the LCMP, an amended licence application will need to be lodged with DWER to align with the endorsed documents. It is anticipated that this would include a request to extend the current licence expiry date.

CONSULTATION

Shire staff met with DWER staff during the development of the LCMP, who indicated support for the process of the Shire developing and adopting the LCMP and using this as the basis for making application to amend the licence. However, DWER officers were clear that they were unable to pre-empt the outcome of any future formal application process.

A copy of the LCMP and Transfer Station Concept Design has been provided to the Shire's current waste management contractor for review.

The land is subject to a lease with the Department of Biodiversity, Conservation and Attractions (DBCA) and therefore further consultation may be required in this regard to ensure lease arrangements reflect the future intentions for the site.

OFFICER COMMENT/CONCLUSION

The documents as presented provide Council with clear direction over the next decade as the DWMF transitions from a landfill facility to a transfer station. The documents outline a systematic approach to completing the landfill in phases, which will provide certainty for both the Shire and any contractor the Shire may engage to manage the facility with regard to what is required. The plans will inform future procurement and contractual documents to clarify the roles of the Shire and management contractors in delivering the required outcomes.

Importantly, the documents also contain financial information that, subject to Council support, will be incorporated into long term financial plans, corporate business plans and ultimately annual budgets. Taking a long-term view of the financial implications for the facility is critical to ensure that adequate reserves are built up over time so there are sufficient funds to cater for both the closure and rehabilitation of the existing landfill site and the future construction of the transfer station at the appropriate times.

In light of the above, it is recommended that Council endorses the Landfill Closure Management Plan and Transfer Station Concept Design and instructs the Chief Executive

Officer to make application to DWER to amend the licence to align with the endorsed documents and DBCA to ensure lease arrangements reflect the intent of the documents.

9.2 DIRECTOR CORPORATE AND COMMUNITY

9.2.1 ACCOUNTS FOR PAYMENT

The Schedule of Accounts Paid under Delegation (No 3.1) is presented for public information (attachment 9.2.1(1)).

9.2.2 MONTHLY FINANCIAL REPORT – NOVEMBER 2021

The Monthly Financial Report for November 2021 is attached (*attachment 9.2.2(1)*).

EXECUTIVE RECOMMENDATION

That the monthly financial report for the period ended November 2021 be received.

9.2.3 2021/2022 EVENT FUNDING PROPOSAL (AHOY MANAGEMENT: LOST AND FOUND FESTIVAL 2022)

| | |
|----------------------------|--|
| Location | Shire of Donnybrook Balingup |
| Applicant | James Jarvis, Manager, Community Development |
| File Reference | FNC 04/1 |
| Author | James Jarvis, Manager Community Development |
| Responsible Manager | Kim Dolzadelli, Director Corporate and Community |
| Attachments | 9.2.3(1) Funding Request Letter from Ahoy Management 9.2.3(2) Lost and Found 2021 – Post Event Report |
| Voting Requirements | Simple Majority |

| Recommendation | |
|---|--|
| <p>That Council, for the purpose of executing a sponsoring partnership with Ahoy Management for delivery of the ‘Lost and Found 2022 Festival’, request the Chief Executive Officer:</p> | |
| <p>1. To include in the 2021/2022 Budget Review, the following:</p> <p>1.1 Expenditure of \$5,000 ex-GST; and</p> <p>1.2 Revenue of \$2,000 ex-GST;</p> | |
| <p>2. Not to co-contribute to the sponsorship partnership if revenue of \$2,000 cannot be secured from other parties.</p> | |
| <p>3. To seek to secure a minimum number of event venues within the Shire of Donnybrook Balingup as part of the sponsorship partnership contract.</p> | |

STRATEGIC ALIGNMENT

The following outcomes from the Corporate Business Plan relate to this proposal:

| | | |
|----------|---------|---|
| Outcome | 1.3 | An attractive visitor and tourist destination. |
| Strategy | 1.3.1 | Actively promote the district as an attractive destination. |
| Action | 1.3.1.4 | Support and promote local tourism events and attractions. |

EXECUTIVE SUMMARY

Ahoy Management is seeking Shire of Donnybrook Balingup’s (Shire) investment of \$5,000 sponsorship towards the Lost and Found 2022 Festival.

Lost and Found 2021 created a thriving and vibrant four-day festival that activated over 20 event locations and business across the Bunbury region, the Ferguson Valley and the Shire and two Shire businesses were included in the 2021 Festival. While there is no 2021/2022 budget allocation for sponsorship of this type, it is recommended that an allocation is created in the 2021/2022 budget mid-year review.

Under the sponsorship agreement specific promotion of Shire of Donnybrook-Balingup and the Shire’s involvement is listed below:

- Major partner logo placement on all printed marketing collateral (programs, posters, flyers);
- Major partner logo and acknowledgement on website and EDMs;
- Major partner acknowledgement in all press releases;
- Tagging in all social posts relevant to Shire of Donnybrook;
- Social media content creation specific to the Shire and Shire businesses;
- Double page spread in program;
- Featured blog posts on website and promoted via social media (minimum x 2) - working with the Shire on desired content;
- Video content of the Shire featured and available for Shire non-commercial use;
- Photography/images available for Shire non-commercial use; and
- Minimum of 2 x double passes to events for Shire use.

BACKGROUND

Ahoy Management is a small and local business with experience in event management, destination marketing, advertising, branding and public relations. The Directors, Erin Molloy and Brianna Delaporte, are festival directors of Cabin Fever Festival, Lost and Found and Flow State Weekender and other festivals in Western Australia.

The Lost and Found Festival was held over four days within the Ferguson Valley, Bunbury and surrounds from 9 -12 September 2021. Guests were invited to get lost in the bustling City of Bunbury and its surrounding wine regions, which included two destinations within the Shire of Donnybrook Balingup. Over 20 events were presented focusing on food and wine, craft beer, live music, and family fun. Events ranged from long table dinners in barrel halls and rocking hoedowns, vertical tastings, wine workshops, boozy brunches, and live music events.

Ahoy Management's Lost and Found 2021 post-event report (Attachment 2) indicates that the average ticket price to events was \$50, with there being over 1,130 ticket sales that developed \$56,000 in total ticket sales revenue for businesses over 16 venues.

Of the 4,000 guests, 66% spent on items in addition to the tickets, such as wine, meals, transport and accommodation. 32% of participants spent more than \$300 on their experience. 30% of ticket holders were from outside the region (overnight visitors).

The Directors of Ahoy Management have written to the Shire's Chief Executive Officer seeking a sponsor partnership of Lost and Found 2022 to the value \$5,000 ex-GST.

Funding confirmed from other Councils:

- Shire of Dardanup - \$10k ex-GST
- City of Bunbury - \$10k ex-GST, plus marketing support/expense support.

FINANCIAL IMPLICATIONS

There is no allocation of event sponsorship funding in the 2021/2022 Shire budget for this purpose. Ahoy Management is seeking sponsorship for an event to be held in September 2022.

If the major sponsor partnership decision is delayed to August 2022 to coincide with the standard budget approval process, then the Shire will not receive the full benefit of the sponsorship that Ahoy Management are offering in exchange.

The most effective path to create a timely decision is to include the \$5,000 in the deliberations associated with the 2021/2022 budget mid-year review.

Officers also believe for it to be appropriate that contributions, in the amount of \$2,000 ex-GST, be sought from local Not-for-Profit organisations; for example, Donnybrook Regional Tourism Association, Balingup and Districts Tourism Association or Donnybrook – Balingup Chamber of Commerce and Industry.

The net cost to the Shire would be \$3,000.

POLICY COMPLIANCE

Not applicable.

STATUTORY COMPLIANCE

Not applicable.

CONSULTATION

Discussion with Brianna Delaporte, Co-Director at Ahoy Management, highlight that two Shire venues were activated in the Lost and Found Festival in 2021, including Coughlan Estate and Mazza Wines. Both wineries were responsible for creating an event at their winery and Ahoy Management promoted the event as part of the festival trail. This cooperative event model would be offered to other Shire producers, wineries, and artisans in the development of the Lost and Found Festival 2022.

OFFICER COMMENT/CONCLUSION

That Council consider the sponsorship proposal from Ahoy Management.

9.3 CHIEF EXECUTIVE OFFICER

9.3.1 CORPORATE BUSINESS PLAN – 2021-22 REVIEW

| | |
|----------------------------|------------------------------------|
| Location | Shire of Donnybrook Balingup |
| Applicant | Shire of Donnybrook Balingup |
| File Reference | N/A |
| Author | Ben Rose – Chief Executive Officer |
| Responsible Manager | Ben Rose – Chief Executive Officer |
| Attachments | Nil |
| Voting Requirements | Absolute Majority |

| Recommendation |
|--|
| <p>That Council:</p> <ol style="list-style-type: none"> 1. Acknowledge the work undertaken to date in the review of the current Corporate Business Plan, including staff and Councillor workshops. 2. Request the Chief Executive Officer to present the reviewed Corporate Business Plan to Council for consideration no later than the April 2021 Ordinary Meeting of Council, in order that it may assist in informing 2022-23 Budget deliberations. |

STRATEGIC ALIGNMENT

The following outcomes from the Corporate Business Plan relate to this proposal:

| | | |
|----------|---------|--|
| Outcome | 4.2 | A respected, professional, and trusted organisation. |
| Strategy | 4.2.1 | Effective and efficient operations and service provision. |
| Action | 4.2.1.2 | Seek a high level of legislative compliance and effective internal controls. |

EXECUTIVE SUMMARY

Local governments are required to plan for the future of their district in accordance with the *Local Government Act 1995*. The minimum requirements for planning for the future is the development of:

- A Strategic Community Plan – 10 year minimum horizon; and
- A Corporate Business Plan – 4 year minimum horizon.

Whilst not statutory requirements, the Strategic Community Plan and Corporate Business Plan are supported by informing strategies, such as (but not limited to):

- Long Term Financial Plan;
- Workforce Plan;
- Asset Management Plan;

- Reserve Fund Plan; and
- Borrowings Plan.

BACKGROUND

Section 19C of the *Local Government (Administration) Regulations* requires local governments to review the Strategic Community Plan for its district at least once every 4 years. Section 19DA of the *Local Government (Administration) Regulations* requires local governments to review the Corporate Business Plan for its district at least once every year.

The last review of the Shire's Corporate Business Plan was presented to Council (and approved) in November 2020, as a 'minor review'. With the major review of the Strategic Community Plan occurring earlier in 2021 (August OCM), as well as local government elections in mid-October 2021, it is timely for a major review of the Corporate Business Plan.

Catalyse consultants have been engaged to assist the Shire in the major review of its Corporate Business Plan. Catalyse undertook the Shire's most recent Community Scorecard and assisted with the recent major review of the Strategic Community Plan. To date, Catalyse have undertaken a peer review of the Corporate Business Plan, developed a detailed review methodology, delivered detailed staff consultation sessions (via email and in-person 29 November 2021) and a detailed Councillor consultation session (30 November 2021).

FINANCIAL IMPLICATIONS

The review aligns with the 2021-2022 Budget, and will also be reviewed as part of the Annual Budget Review in February-March 2022.

POLICY COMPLIANCE

Not applicable.

STATUTORY COMPLIANCE

Section 5.56 of the *Local Government Act 1995*.

CONSULTATION

In relation to the Strategic Community Plan, adopted in August 2021, the Department of Local Government, Sport and Cultural Industries (DLGSCI) provides an Advisory Standard (2016) for local government Integrated Planning and Reporting. The minimum benchmark ('Achieving' standard) for public consultation in relation to the Strategic Community Plan is "*Community engagement involves at least 500 or 10% of community members, whichever is fewer, and is conducted by at least 2 documented mechanisms*".

Consultation in relation to the major review of the Strategic Community Plan has been undertaken across an extended period, with a range of engagement methodologies:

- Market Community Perception Survey 2019 – 441 respondents

- Survey to community 2021 – 71 respondents
- Conversation Cafes and workshops 2021 – 137 participants
- Project and topic-specific surveys 2020-2021 – 1,018 responses
- TOTAL participation – 1,667 'engagements'.

It is recognised that the total figure of 1,667 will include duplicated numbers of community members, given that individual community members are likely to have participated in multiple consultation events. Additionally, in relation to project and topic-specific surveys, some responses are from respondents outside of this Shire.

The DLGSCI Advisory Standards for Corporate Business Planning do not recommend public consultation for any of the standard ratings ('achieving', 'intermediate', or 'advanced').

OFFICER COMMENT

It is recommended that the Council acknowledge/note the work undertaken to date in the review of the Corporate Business Plan and request the Chief Executive Officer to present the reviewed Corporate Business Plan to Council for consideration no later than the April 2021 Ordinary Meeting of Council, in order that it may assist in informing 2022-23 Budget deliberations.
