OTHER WASTE INFORMATION & RESOURCES

- **Large amounts** of garden waste (such as soil or large branches), recycling waste (such as large cardboard boxes), or general waste (such as textiles or clothes) should be taken to your nearest waste management facility for disposal
- You might think about **repurposing or donating items** that are still of good quality where possible. Alternatively, **plan a DIY weekend** with the kids to educate them about looking after the environment and responsible waste sorting!
- **Some types of waste fall into various waste categories**, which can only be disposed of at a designated drop-off point. You can learn more by browsing the resources shared on our social media and website, or on the Recycle Right website (see below).
