I value honesty, authenticity and teamwork, and strive to reflect these values in everything I do for our community.

With five years' experience as a Shire Councillor-including terms as Deputy President and President-I have contributed to decision making at local and regional levels. I hold a Diploma of Local Govt, completed the WALGWA Mentornet Leadership Program, and previously worked as an Accountant in private practice.

I actively support community organisations and understand the pressures they face due to recent legislative and contractual changes. I will advocate for mechanisms that could be introduced locally to provide tools to help groups adapt to change, share resources, promote events and achieve growth.

Asset Management, along with economic, financial, and environmental sustainability, has consistently been a key priority for me.

I am proud to serve our community and committed to working honestly and collaboratively for its future.
