ANNUAL REPORT 2019 - 2020

SHIRE OF DONNYBROOK BALINGUP

VISION STATEMENT

"A proud community enjoying our rural lifestyle, cultural heritage and natural environment."

ECONOMIC

A strong, diverse and resilient economy

ENVIRONMENT

Respect for our heritage, natural and built environment

SOCIAL

A healthy, safe and inclusive community

LEADERSHIP

Effective leadership and civic responsibility

ACKNOWLEDGMENT OF COUNTRY

In presenting this Annual Report, the Shire of Donnybrook Balingup acknowledges the Traditional Custodians of the land, the Noongar People, and pays its respects to its Elders; past, present and emerging.

Our Shire

Surrounded by stunning forests, winding rivers, rolling hills, vineyards and lush orchards, Donnybrook Balingup is a great place for residents and visitors alike.

The Shire of Donnybrook Balingup is 213 kilometres south-west of Perth and covers an area of 1,541 square kilometres. It is noted for its rolling hills, old-growth forests, lush orchards, vineyards and Donnybrook Stone which is used throughout the state.

The traditional owners, the Noongar people of the South West inhabited this county for some 40,000 years before European occupation. The area was known as 'Kaniyang'.

Europeans began to settle in the area in the mid - 1800s and an economy based on agriculture (including fruit), timber and stone steadily developed. After World War II the population of Donnybrook grew to 2,500 and Balingup's population reached 1,340.

The apple industry blossomed in the late 1960s when over two million cartons of apples - primarily Granny Smiths - were exported to the UK and Europe. The development of new varieties (Pink Lady and Sundowner) strengthened the industry, which diversified to include pear, stone fruit, potatoes, nut production, sheep (meat and wool) and cattle (meat and dairy). Wine and tourism became important new industries and with the subdivision of large properties, hobby farming increased. Donnybrook Balingup remains an important agricultural area, especially for fruit, vegetables and vineyards.

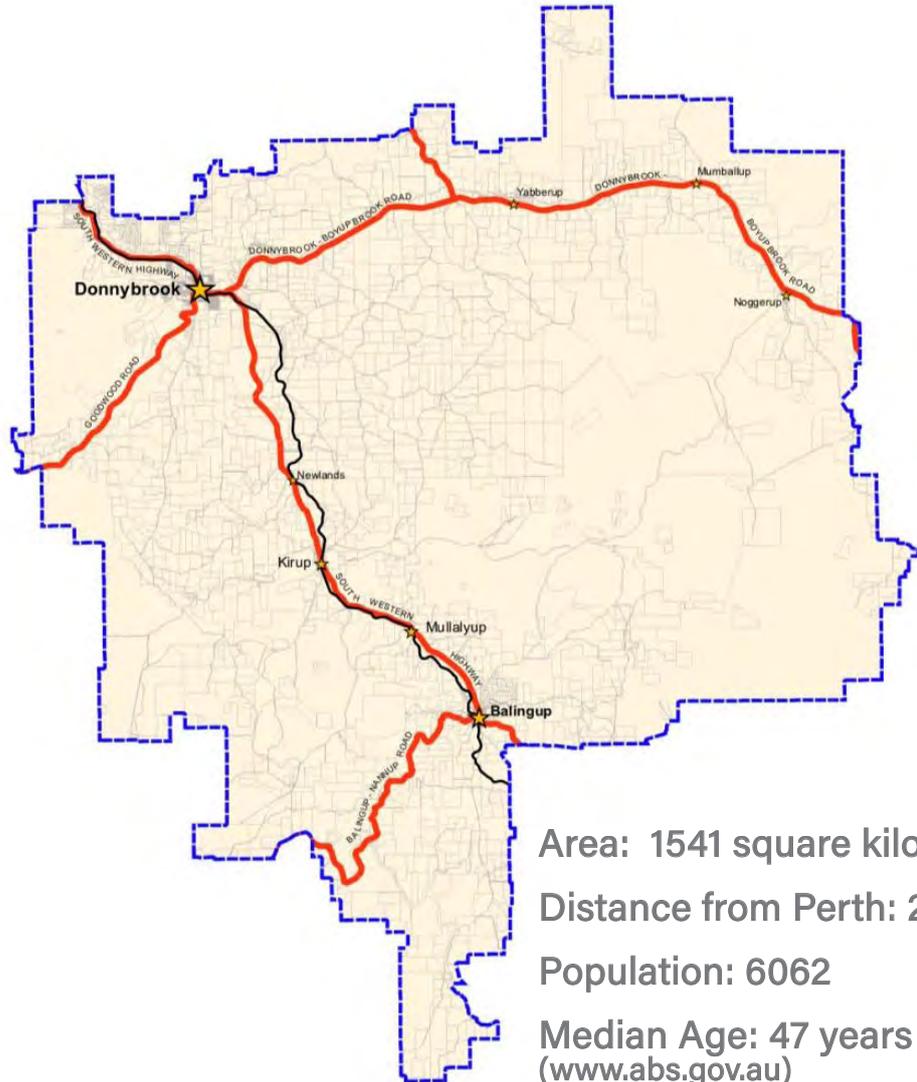

The picturesque scenery and proximity to Bunbury, the beaches of Geographe Bay, the Margaret River wine region and the tall timbers of Pemberton make it a popular destination for tourists.

A healthy economy, the benefit of several diverse industries nearby and its rich culture make Donnybrook Balingup an attractive place to live for both growing families and those making a lifestyle choice in later life.

Donnybrook sandstone quarrying, farming (fruit, vegetables, viticulture, sheep, cattle); tourism.

Message from the Shire President

Welcome to the Shire of Donnybrook Balingup Annual Report for 2019-2020.

The latter part of 2019 saw the changeover of Council with four Councillors retiring their positions at the October 2020 Local Government Elections:

- Cr Michael King 2011 - 2019
- Cr Fred Mills 2015 - 2019
- Cr Ryan Van Der Heide 2015 - 2019
- Cr Dawn Tan 2015 - 2019

Elected to Council were:

- Cr Jackie Massey 2019
- Cr Chaz Newman 2019
- Cr Shane Sercombe 2019
- Cr Chis Smith 2019

The year 2020 commenced as would be expected with the Annual General Meeting of Electors being held, albeit somewhat later than in previous years, in March 2020.

Then came the global COVID-19 Pandemic that continues to dominate day to day living in countries across the world today. We are certainly fortunate to live and work in Western Australia, particularly in the South West and recognise the role the State Government and our Shire response and recovery teams have played in embracing the task to minimise the local impact of this devastating event.

Based on a State Government request to Local Governments that they freeze all rates and charges for the 2020-2021 year, the Shire acceded to such, while almost achieving a balanced end of the financial year outcome, primarily through driving localised economic savings and the prudent management of capital works programs and project procurement, at the same time providing relief and assistance through a raft of measures to help our communities across the Shire.

The Shire of Donnybrook Balingup set a zero per cent rate increase for the 2020-21 Budget (maintaining rates at the same level as 2019-20), as well as implementing a range of complementary measures to ease economic and social impacts arising from the COVID-19 Pandemic.

The overall impact of the rating decision in 2020-21, when averaged over the past three years, means that

the average rate increase over the same period is only 2.3%. I encourage ratepayers to compare this reality with the other Local Government Authorities of which there are twelve making up the South West region.

Other decisions endorsed by Council during the COVID-19 Pandemic include:

- A local business promotion through special editions of the Preston Press.
- Ensuring invoices for local businesses were paid weekly instead of fortnightly.
- Waiving of facility lease payments for community and sporting groups using Shire facilities.
- Expediting planning, building and other approvals.

The Shire has excelled in terms of grant funding applications and outcomes with tied or untied State and Federal funding sources (over four years 2016-17 to 2019-20) up by a factor of 150%, or from \$24M to \$36M comparative to the previous four-year period.

Having successfully obtained funding for several iconic community projects, many with an intergenerational focus, the Shire of Donnybrook Balingup, while not ignoring our longstanding commitment to our aging population, is well positioned to attract a new wave of younger families to what remains a favoured lifestyle destination across the South West.

We have survived the COVID-19 Pandemic in relatively good shape thus far, with many landmark opportunities on our plate as we move into 2021. With a commitment from our Chief Executive Officer, his Executive Management Team and all Shire employees, we have much to deliver over the next couple of years ahead, to make this wonderful place we call home, even better.

*End of Term October 2019

Message from the Chief Executive Officer

I am pleased to present the Chief Executive Officer's message for 2019-2020.

Due to the unprecedented COVID-19 Pandemic, 2019-20 was very much a year of two halves, which saw all of us adapting to a new way of life and the Shire adapting to a new style of business.

Whilst there were some disruptions to public facilities such as the libraries, recreation centres, parks and community halls, core business of the Shire was able to continue operating, albeit in a different way. I would like to take the opportunity to thank Shire staff and the community for being responsive to the changes we all had to implement during this time, which transformed the way in which we live, work and play in our Shire.

Just like other businesses and community groups, the Shire had to adapt the way it conducted business. The Shire held its Ordinary Council Meetings remotely and the public could view the meetings online. This proved to be a positive addition to Council meetings and the Council has since requested that staff present a plan to adopt the online viewing of Council Meetings permanently – to supplement the normal in-person attendance at Council Meetings.

The organisation structure set in place in 2018-19 continued to stabilise, with a key focus on reviewing and refining processes that will streamline the business and improve delivery of services.

Similarly to the previous financial year, 2019-20 was a year of great grant funding success for this Shire, with almost \$12M of Federal and State grant funding secured. In fact, over the last four years, grant revenue for this Shire has increased by a factor of around 150% compared to the previous four years. 2020-21 is also looking successful for grant funding, with many small-medium grants already secured and an offer of \$6M from the State Government towards the Donnybrook Recreation Precinct (VC Mitchell Park) project.

Continued collaboration by this Shire across the local government sector and through regional partnerships allowed for continued professional and constructive relationships with the private sector and our State and Federal representatives, ensuring Donnybrook Balingup is well placed to take advantage of opportunities to enhance and progress our Shire through economic development.

Lastly, a genuine vote of thanks to all Shire staff and members of the Audit and Risk Management Committee involved in achieving yet another unqualified audit opinion.

Benjamin (Ben) Rose
Chief Executive Officer

Plan for the Future

The Strategic Community Plan will undergo a major review during the latter half of the 2020-2021 year which will involve extensive consultation with Council and the community to;

1. Ensure the Shire is working towards its strategic objectives; and
2. Determine the direction set in 2017 is still where the community see Donnybrook Balingup in 10+ years.

Major projects include:

- Revitalisation of the Donnybrook Apple Fun Park (\$1.5 million)
- Recreation Sporting Precinct Redevelopment VC Mitchell Park, Donnybrook (\$6 million)
- Donnybrook Town Centre Revitalisation (\$2 million)
- Drought Communities Program (\$1 million)

Outcomes from the Community Perception Survey highlighted tourism and communication from the Shire as key focus areas for the Shire to work upon. New initiatives and a drive towards uplifting tourism in Donnybrook Balingup will be a key focus moving forward.

It is an exciting time in the Shire and we look forward to sharing our successes with you in the future.

Statutory Report

Payment to Employees

Regulation 19B of the *Local Government (Administration) Regulations 1996* requires the Shire to include the following information in its Annual Report:

- The number of employees of the Shire entitled to an annual salary of \$100,000 or more; and
- The number of those employees with an annual salary entitlement that falls within each band of \$10,000 over \$100,000.

Annual Salaries	No. of employees
\$100,000 - \$109,999	2
\$110,000 - \$119,999	1
\$120,000 - \$129,999	1
\$130,000 - \$139,999	2
\$180,000 - \$189,999	1

Section 7A of the Salaries and Allowances Act 1975 requires the Salaries and Allowances Tribunal to determine the minimum and maximum amounts of remuneration, to be paid or provided to Chief Executive Officers of local governments.

Freedom of Information

In complying with the *Freedom of Information Act 1992*, the Shire processed a total of 5 Freedom of Information applications, with an average completion time of 15 days. All applications were completed within the legislative timeframe of 45 days.

Public Interest Disclosure

The Public Interest Disclosure Act 2003 (the PID Act) enables people to make disclosures about alleged wrongdoings within the State public sector, local government and public universities and offers protections for doing so. The PID Act aims to ensure openness and accountability in government by encouraging people to make disclosures by maintaining confidentiality and providing immunity from detrimental action. During the 2019/20 financial year, no Public Interest Disclosures were received by the Shire.

Record Keeping

The Shire of Donnybrook Balingup is committed to good record keeping practices and complies with required legislation, including the *State Records Act 2000*. Its records keeping system ensures all information created and received by the Shire is captured and maintained as evidence of its business transactions. The system is regularly reviewed to ensure proper standards are maintained and audits of the system, conducted on an ad hoc basis, have shown it to be fully compliant.

All new employees receive instruction about compliance with State Records Legislation and the Shire's Record Keeping Plan. Refresher training is available to ensure staff remain confident and capable of using the record keeping system appropriately.

Statistics for 2019 - 2020:

5367 incoming correspondence,
2855 outgoing correspondence, and
1319 internal documents.

As of 30 June 2020, there were a total of 119,301 documents captured in the Shire's electronic record keeping system.

Disability Access and Inclusion

The Shire of Donnybrook Balingup completed a review of its Disability Access and Inclusion Plan (DAIP) in 2017 and completed a DAIP for 2017-2022.

The DAIP 2017-2022 provides the broad outcome areas, strategies and background information to identify why change is required to a facility, service or information provided by the Shire. An accompanying Implementation Plan has also been developed which details the specific tasks to achieve the strategies and outcome areas and also includes a timeline and staff area of responsibility for completion.

The DAIP is available on the Shire website at www.donnybrook-balingup.wa.gov.au. Copies can also be obtained at the Shire Office and by request in alternative formats.

The Shire has made good progress towards improving access and inclusion of its services, facilities and information through the ongoing development and implementation of its DAIP.

Minor Complaints

Zero complaints (breaches), as defined under the *Local Government Act 1995*, were made during 2019 - 2020.

Economic

A strong, diverse and resilient economy

Outcome 1.1

A diverse, prosperous economy, supporting local business and population growth

Outcome 1.2

Available land for residential, industrial and commercial development

Outcome 1.3

An attractive tourist destination

Planning and Development

Local Planning Strategy and Local Planning Scheme

In 2019 - 2020, the Shire embarked on a review of its Local Planning Strategy and Local Planning Scheme No 7. This process is required to occur every five years.

The Local Planning Strategy has a 10-15 year life span and sets out Council's broad vision for the Shire and the long term direction for land use and development.

The Local Planning Scheme focuses on the purpose and use of land and guides future development, for example. It identifies land set aside for reserves or zoned for particular purposes. It also covers the procedures for administration and how planning applications will be determined.

Amendments to Local Planning Scheme

In the 2019 - 2020 financial year, the Shire received 76 applications for development approval and received \$11,870 in fees. The average processing time for these applications was 45 days, not taking into consideration any 'stop the clock' allowances.

In addition, the Shire had 11 valid Extractive Industry Licences for the 2019 - 2020 financial year with \$6,100 received in annual licence fees.

The Shire received eight subdivision referrals from the Western Australian Planning Commission.

Environment

Respect for our heritage, natural and built environment

Outcome 2.1

An attractive and maintained built environment

Outcome 2.2

Respected heritage assets

Outcome 2.3

A natural environment for the benefit of current and future generations

Outcome 2.4

Efficient and effective waste management

Environmental

- Annual road side spray of weeds and vegetation was conducted
- Noneycup Creek drainage restoration works began along Marmion Street, Donnybrook.
- Successful Blackberry Grant Application (\$1 million in funding) – Will provide a collaborative approach to declared weed management scheme between the Shire of Collie, Shire of Dardanup and Shire of Donnybrook Balingup.
- Partnered with 'Down South Water Rats' to support their mission to clean up local waterways and forests.
- Partnered with Lions Club to support their goal to clean up and weed removal from the Preston River Walk Trail.
- Native Tree Initiative- Aiming to help the community build water sensitive front yards that provide habitat for local fauna. This initiative will also improve the tree canopy within our towns, streets and residential gardens to provide connectivity between surrounding forests and encourage a more natural habitat.
- General monitoring and planning for current/future management of over 124 nature reserves.
- Managing and controlling declared weeds with a specific focus on bridal creeper within road reserves.
- Liaised with various stakeholders about rabbit control methods within and surrounding townsites.

Rehabilitation Projects

- Donnybrook Cemetery was revegetated using a mix of native plants.

Phytophthora Dieback Training

The Shire hosted a Green Card training course on behalf of Bark Environmental. This course provided Shire staff, contractors and community groups with essential knowledge on Phytophthora Cinnamomi, a deadly pathogen affecting our native vegetation.

This course provided practical skills which will improve hygiene management to minimize the spread of dieback

Cities Power Partnerships

This year the Shire became a proud power partner with Cities Powers Partnerships (CPP). CPP is Australia's largest local government climate network with the aim to transform our energy future and make the switch to clean energy.

The Shire includes land uses primarily based on agriculture and forestry, so conserving our natural areas has always been a focus for the Shire and the community. The Shire of Donnybrook Balingup is already heavily committed to waste minimisation and long-term environmental sustainability. In joining the Cities Power Partnership, we hope to expand and build on our commitment to renewable energy and sustainable transport.

The Shire chose the five pledges below:

- Install renewable energy (solar PV and battery storage) on Council buildings;
- Roll out energy efficient lighting across the municipality;
- Encourage sustainable transport use such as public transport, walking and cycling through council transport planning and design;
- Support cycling through provision of adequate cycle lanes, bike parking and end-of-ride facilities;
- Set up meetings and attend events to work with other cities on tackling climate change. Such events include the Community Energy Congress or the Cities Power Partnership Summit where like-minded cities can address common concerns and learn from others' experience.

Waste Management

Residents continued to participate in reducing waste. In the 2019-2020 financial year the proportion of kerbside waste diverted from landfill reached 53 per cent, this is once again an increase of a further 2% from last year.

The improvement can be attributed to the continued promotion and rollout of the organic bin service and the care taken by residents to separate their recyclables from other household waste.

The State Government has set a kerbside waste diversion target of 50 per cent for regional Council's by 2020, a target the Shire of Donnybrook Balingup achieved now for the past two consecutive financial years.

Recycling

In 2019-2020, 460 tonnes of recyclables were collected through the yellow-topped bins.

The Shire's recyclables are collected and stockpiled at a holding site in Picton. From there, it is transported in semi-trailers to the Suez Materials Recovery Facility in Bibra Lake where it is sorted into material types including plastics, paper and aluminum. This is done by both hand and machine.

Recycled material types are then further graded. For example, PET plastics or mixed plastics, paper or cardboard. Once these materials are sorted, they are bundled together for transport and then sold to various buyers and manufacturers. Depending on the market, our recycled items could be shipped to destinations such as India and Asia. Some items, such as PET plastic, remain within Australia.

There is an increasing focus on high quality recyclables for markets therefore reaffirming the importance of ensuring that recycled material is not contaminated. An audit of the Shires recycled material in January 2020 revealed a contamination of 36.4%. This figure reflected very well in comparison with our neighbouring Shires. This figure is also an indication that there is still room for improvement in the sorting and management of our recycle material. The most common contaminants in the yellow top bins include clothing, nappies, plastic bags and food waste. The collection and disposal of recyclable material in bigger bags and boxes is unfortunately also classified as contaminated waste. This is something that we can easily overcome. Contamination of our recycled material makes this material less suitable for future reuse, and is having a direct negative impact in the management costs associated with this waste stream .

The introduction of the Container Deposit Scheme promises to show a further reduction in the volume of waste destined for disposal.

Organic Waste

Residents helped recover 830 tonnes of organic waste which would have otherwise gone to landfill.

The organics bin waste is turned into a high quality compost at the Bunbury-Harvey Regional Council facility in Dardanup. There is a high demand for the product which is sold for use on farms, gardens and parks. The public can also buy this high-quality product directly from the Harvey Regional Council facility in Dardanup at a very low cost.

Waste to Landfill

A total of 1,067 tonnes of general waste collected from kerbside garbage bins was sent to landfill during 2018/19. The Shire is continuing to implement strategies to preserve the life of the landfill site in Donnybrook by diverting more waste away from landfill and increasing the compaction rates at the facility.

Works Program and Maintenance

- Irishtown Road – roadside vegetation pruning and shoulder renewal works.
- Southampton Road – roadside vegetation pruning,
- Egan Street, Donnybrook – New kerbing, drainage, footpath and asphalt road overlay.
- Gravel re-sheeting works completed on sections of Mailman Road, Newlands Road East, Hearle Road, Claymore Road and Atherton Road.
- Newlands Road – Extension of seal.
- Resealing works – Grimwade Rd, Wildmere Rd, Sandhills Rd and Lukis Street.
- Brookhampton Road – shoulder renewal work and roadside vegetation pruning.
- Upper Capel Road, SLK 14.9 to 16.9 – Road re-construction, widen and seal.
- Gemmell Road and Bendall Road Intersection – roadside vegetation pruning and sightline improvement works.
- 33 Bridges - level 1 inspections and routine maintenance.
- Wrights Bridge – Preventative maintenance works completed, (the largest timber bridge in the Shire).
- Meldene Pathway Stage One was completed.

Townscape, Gardening and Landscaping

- Sealing of carpark and reticulation installation at corner of Victory Lane and South West Highway.
- VC Mitchell and Egan Park – Oval turf renovation works.
- Balingup asphalt footpath repairs.
- Mullalyup, Pioneer Park pathway.
- Amphitheatre reticulation upgrades.

Other information

- In 2019-2020 the Shire Works team graded 600 kilometres of unsealed road during the summer and winter grading program. The Shire received 73 maintenance requests for gravel roads during 2019/20.
- A total of 759 maintenance requests were received during 2019/20. The Shire works team have actioned all 759 requests and completed 727 requests, representing a completion rate of 95.8%.

Social

A healthy, safe and inclusive community

Outcome 3.1

An engaged, supportive and inclusive community

Outcome 3.2

Well supported community groups and facilities

Outcome 3.3

A safe and healthy community environment for all ages

Community Development

Events

Australia Day Breakfasts

The Shire was delighted to facilitate a series of Australia Day BBQ Breakfasts in conjunction with community/service organisations in Donnybrook, Balingup and Kirup.

The Shire also presented the community winners of the AUSPIRE Community Citizen of the Year. In 2020, Mrs Pam Foster was named Community Citizen of the Year in recognition of her continued efforts to the tourism sector and promotion of Donnybrook and continual service to the Donnybrook Food and Wine Festival committee.

The Young Community Citizen of the Year was awarded to Miss Katie Guest and the Active Group Award went to the Balingup Townscape Committee.

Outdoor Summer Film Season

The Shire was once again fortunate to receive \$11,000 funding through Lotterywest to present four free outdoor films in Donnybrook and Balingup, and also at the annual Community Concert.

Peter Rabbit (PG), Storm Boy (M) and Ready Player One (PG) were screened to appreciative audiences of between 300 – 450 people at the Donnybrook Amphitheatre in January, February and March 2020. Mama Mia 2 was enjoyed by about 200 people at the Balingup Village Green in February 2020.

Community Concert

The Community Family Concert was scheduled for Saturday 21 March 2020. On 15 March 2020, the WA Government declared a State of Emergency due to COVID 19 and the Family Concert event was unfortunately cancelled.

Festivals and Events

All major Shire events and festivals scheduled in the last five months of the 2019-20 financial year were cancelled due to COVID-19. The event organisers have all commenced their event planning for 2020-21 and are redesigning their events to create COVID-19 safe events with restrictions on capacity and style.

The Shire was able to support the following events in 2019 and 2020:

- Donnybrook Station Markets
- Balingup Medieval Carnivale
- Donnybrook Food & Wine Festival
- Festival of Country Gardens
- Lions of Donnybrook Carols by Candlelight
- True Grit
- Numerous car rallies, off road/mountain biking events and road cycling events, including the Tour of Margaret River.

Community Grant Funding

The Shire supports community groups with grants for projects that require assistance. Grants are divided into seven categories:

- Minor Community Grants (up to \$500 with no matching cash contribution required);
- Minor Community Event Sponsorship (up to \$500 with no matching cash contribution required);
- Waiver of Fees and Non Cash Donations (up to \$500 with no matching cash contribution required);
- Cash Donations (up to \$200 with no matching cash contribution required);
- Major Community Grants (up to \$2000 with organisation funding requirements); and
- Major Community Event Sponsorship (up to \$2000 with organisation funding requirements).

These grants have allowed numerous clubs and organisations to continue growing and to provide better sporting, social and community facilities.

Minor Grant recipients included:

- Donnybrook Basketball Association
- Kirup Progress Association
- Donnybrook and Districts Sporting Club
- Balingup Friends of the Forest
- South West Show Horse Association
- Yabberup Community Association
- Balingup Progress Association
- Donnybrook Country Music Club
- Donnybrook Community Garden

Major grant recipients included:

- Yabberup Community Association (Preston Valley Art Trail)
- Donnybrook Food and Wine Festival
- Donnybrook Arts and Crafts Group
- Donnybrook Balingup Chamber of Commerce
- Balingup Tennis Club
- Blackwood United Football Club
- Donnybrook Balingup Community Radio
- Donnybrook Tennis Club
- Donnybrook Playcentre
- Balingup Forest Community Garden
- Kirup Community Garden

The Shire continued its support of the Donnybrook Regional Tourism Association and the Balingup and Districts Tourism Association by granting each organisation \$30,500 through the Community Grants Program for the Donnybrook Visitor's Centre and Balingup Visitor's Centre, respectively.

The wonderful community newspaper publication of the Preston Press was also supported through a \$4,500 grant to the Donnybrook Community Resource Centre.

Community Development Activities

Community Calendar Photographic Competition

The Shire's photographic competition continues to provide a platform for the community to provide content for the community calendar. The top twelve photo entries were featured in the 2020 Shire Calendar that was made available to residents and visitors for free. The theme of the competition was 'Hometown Pride' and a total of 38 photos were entered into the competition.

In addition, three overall winners were selected from the 12 winning entries, and each received a Donnybrook Bendigo Bank account: 1st place - \$500, 2nd place and 3rd place - \$100. The overall winner of the competition was Matt Broadbent with his photo titled 'Morning Tranquillity'. Second place was Megan Lawless with her photo titled 'Autumn in Donnybrook', and third place was taken out by Aiden Anderson with his photo titled 'Cherry Trees in Blossom'.

KidSport

KidSport is a Department of Local Government, Sports and Cultural Industries initiative managed by local governments. KidSport allows eligible children and youth to receive financial assistance to contribute towards club fees. Applications are made through Council and the local sporting club.

The Shire Council liaises with local clubs in assessing applications and administering the funding.

Australian Citizenship Pledges

In 2019-2020, a total of 15 residents attended the Council Chamber and recited the pledge to become Australian Citizens.

COVID-19 Recovery Coordination

In March 2020, the Manager, Community Development, was appointed the Shire's Recovery Coordinator to respond to the exceptional circumstances resulting from the declaration of the State of Emergency. Several key focus areas were developed in accordance with Local Emergency Management Arrangements, including:

- A COVID-19 Local Recovery Action Plan created to adapt the Local Recovery Plan for an unplanned for global pandemic,
- A Social Recovery focus that included:
 - A vulnerable people's plan
 - A stay connected plan
- An Economic Recovery focus that worked with the Donnybrook Balingup Chamber of Commerce and Donnybrook Community Radio to ensure that businesses received timely information and the community supported local businesses.

The actions embedded in each of these plans forms part of the Community Development team's ongoing community response as good practice for any future COVID-19 developments.

Recreation

Recreation services were heavily impacted by the COVID-19 pandemic when directives from the government forced the closure of the Centre on March 25 for an undetermined amount of time.

During the closure:

- Memberships were placed on hold
- Equipment was hired out to gym members
- Communication to members and gym patrons were maintained through e-newsletters, social media and telephone.
- A number of maintenance tasks were completed utilising existing staff resources, such as the painting of the creche
- Regular email communications were sent to members providing updates to services.

In May, the easing of restrictions was announced and the Donnybrook Recreation Centre swiftly acted to re-open the Centre under the required conditions.

The following additional procedures were implemented:

- Increased cleaning and sanitising in high traffic areas.
- Hand sanitiser stations.
- Contact Register and Sign In station for patrons.

Pool and Aquatic Activities

The Pool plant has continued to have a very proactive maintenance schedule over the past 12 months, chemical injectors have been replaced and the system has moved over to no-fume sulphuric acid replacing hydrochloric acid which is less corrosive on the plant and easier to work with for the team.

Centre activities and services

The creche has consistently been a strong aspect for our membership sales, and children attending the creche regularly utilise the courts for fun activities. An afternoon creche trial is in the pipeline as well as an Afternoon Homework Club.

The improved offering during the school holidays has resulted from the introduction of the Holiday Activities such as Skate and Swims, Big Kidz Creche and Casual Shots and Swim. These multi - activities are well priced to repeatedly attract the local community through the holidays and to welcome the holiday makers from the area.

Group fitness attendance has been higher than previously recorded, and this is across all classes and styles. Our most well attended still is the Senior classes and our renewal of the COTA Live Longer Live Stronger program has helped support this vibrant demographic. Junior Programs in 2019-2020 include Kindy Gym, Homeschool Sports and Badminton.

Community Emergency Services Management

In 2019-2020:

- Welcomed 27 Bush Fire Brigade volunteers to Shire of Donnybrook Balingup.
- Addition of Garry Hatch as FCO for Mumballup/Noggerup BFB.
- Medal presentations at Argyle and Kirup BFBs
- Ongoing consultation regarding Argyle Irishtown Station location.
- Mitigation Activity Fund – secured \$190,750 consisting of 31 treatments across the shire (12 mulching works and 19 burns).
- Station extensions completed at Kirup.
- Beelerup Station build completion and opening.
- Ongoing works to upgrade Ferndale Station, new roof and gutters installed.
- Balingup Station - new carpet installed in meeting room.
- Bushfire ready groups at Lowden, Argyle Irishtown and Balingup are increasingly active, holding street meets and community info sessions at Nash Pl, Jayes Rd, Meotti Rd and Yabberup in Autumn and Spring this year
- Break ins at Lowden & Munro Stations.
- Finalise Turnout SMS set up for all brigades.
- Defib rollout across the Shire – 1 per appliance.
- Water source upgrades at Marshall Rd & Howlett Ramble.
- Donnybrook Town BFB formed a support brigade.
- 58 Incidents attended by SoDB BFBs.

Significant Events

- Four Crews assisted Shire of Collie at the Wellington Complex fires.
- Supplied VLOs to Esperance and Wellington Complex fires.
- Kieran Kotulla of Mullalyup BFB at Youth Leadership Camp in Karajini National Park.
- Three SoDB BFS service volunteers attended the WAFES conference.
- Three Blackwood Zone Response Activations – Assist Shire of Nannup

- Beelerup fires
 - December 2019 (suspicious)
 - January 2020 (magpie V powerlines)

Local Government Grant Scheme Summary

- Approved Operating Expenditure - \$190420
- Additional items - \$24,438 (Racking, CCTV, Replacement Layflats).
- Scheduled to receive a new LT & X2 2.4s.

Breakdown of last year's expenditure:

- Purchase of plant and equipment: \$8,251.50
- Maintenance of existing Plant and Equipment: \$7,994.78
- Maintenance of Vehicles & Trailers: \$90,093.08
- Maintenance of land & Buildings: \$15,295.27
- Clothing & Accessories: \$39,834.11
- Utilities, rates & taxes: \$14,498.39
- Other items: \$16,365.62
- Insurances: \$50,822.07

Total \$243,154.82

Training Coordinator Report

This was the first year that a local training calendar has been developed for the Shire. Planning has begun for next year, with plans to facilitate more introductory courses at regular intervals.

Courses

- FCO (Balingup).
- Pump Ops (Donnybrook).
- First Aid x2 (Donnybrook).
- Structural Firefighting (Donnybrook).
- New Bushfire Safety Awareness (Intro to firefighting) (Kirup)
- Bush Firefighting skills (Bush Fire Firefighting) (Kirup)
- Plantation Firefighting x2 (T/Brook)
- Assist DFES with burn at Kulikup and Mullalyup
- On road driving (LSW)
- Off road driving (LSW)

Aged Care Services

In a year dominated by the Covid-19 Pandemic Aged Care Services has been an extremely busy portfolio to manage.

On the first day of the new financial year (2019/2020) the Aged Care Quality and Safety Commission released the new Aged Care Standards. With this came the need to update all the policies and procedures for Tuia Lodge. The focus shifted from a facility focused set of standards (what we provide) to a resident focused set of standards (how the resident sees their care). With the standards came the change in the Charter of Rights. Additionally, the Royal Commission into Aged Care continues, and the government is yet to address the funding crisis which sees 68% of Aged Care facilities in Australia running at a loss.

20 March 2020 saw a declaration of a public health state of emergency, with directions given to implement tight restrictions in residential aged care facilities. Contingency plans were put in place for the staff, residents, family members, and other visitors. Whilst the facility experienced major changes in staffing and processes the staff persisted through it all to provide the best possible care for our residents.

During the financial year, we received two accreditation visits – one as an audit and one as a full re-accreditation. In September, 2019 we received a full audit under the new standards and were one of the first Aged Care Facilities in the country to achieve full compliance under those standards with zero adverse comments.

Residential Aged Care

Apart from keeping our residents safe, the key focus for Tuia Lodge this year was the implementation of the new Accreditation Standards. As the result of a visit by the Quality and Safety Commission inspectors in September we were reaccredited for the maximum of 4 years, to January 2023.

The average occupancy rate for the year was 92.71% (down from 97.25%) due to the inability to take in new residents during the lockdown period.

Major Achievements:

- COVID-19 Response, communication and implementation. Held off admitting new residents during the initial stages of the outbreak.
- Reaccreditation from 1 January 2020. Tuia Lodge will need to be reaccredited in 2023.
- Renovation of three rooms, under budget, and within project timeline.

Retirement Living

Following Council direction, the Retirement Village Scheme was reviewed, and new standards set for leases and buy/sell arrangements. Reserve Fund and Amenities fees percentages were increased, and operating costs were changed to reflect actual vs nominated cost for the first time since the village began operations.

Major Achievements:

- Scheme review completion – commencing in November/December 2019, all units going forward will fall under the new lease agreements.

Well-Aged Units

An asset renewal plan has been instigated which saw units 1 and 4 fully renovated at Minninup Cottages and Units 6, 7 and 8 planned to be completed in the next financial year.

Major Achievements:

- Unit 12 Minninup Cottages renovated within budget.
- Storm damages to the fencing at Unit 1, 2, 4, and 6 at Langley Villas meant an insurance claim to repair.
- Due to the COVID-19 pandemic, all non-essential maintenance was suspended until further notice. Requests were still taken and logged in the maintenance register. This included the gardens. Restrictions were lifted in August, to allow a staggered return to services.

Cemetery

Our cemetery work was also effected by Covid-19 with restrictions on funerals and numbers of mourners. A full review of the cemetery processes will be undertaken in 2020-2021 to bring us up to industry standards and we will look to digitise our records to ensure compliance with government legislation in respect to records management.

Staff Recognition

Lastly we would like to thank our Aged Care Services workforce who have been at the front line of the pandemic since day one and still operate under strict guidelines. They have worked under enormous stress this year and to their credit have maintained a high level of care and attention to all our aged care residents in all of our facilities.

Leadership

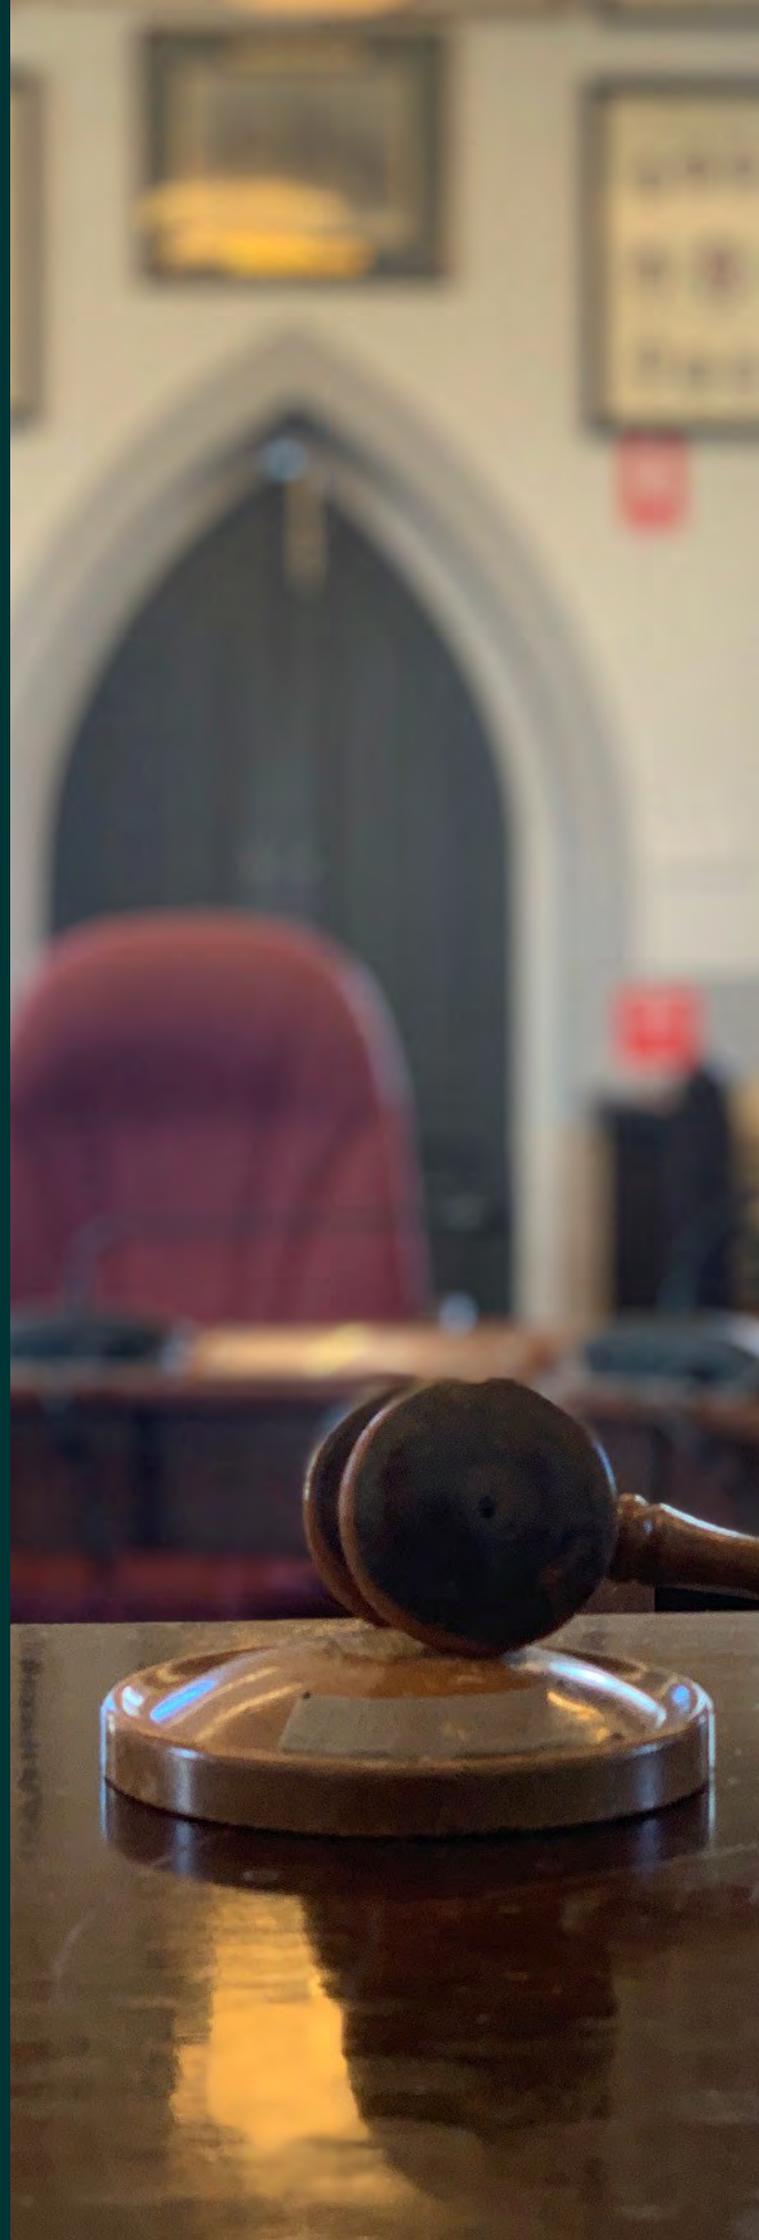

Effective leadership and civic responsibility

Outcome 4.1

A strategically focussed, open and accountable local government

Outcome 4.2

A respected, professional and trusted organisation

The Shire of Donnybrook Balingup is committed to providing high quality services to the community through the following programs:

General Purpose Funding

Management of general rate revenue, general purpose grants, interest on investment and other financing activities of local government.

Governance

Members of Council, Council governance, general governance and the administration and staffing of local government.

Law, Order and Public Safety

Supervision of local laws, fire prevention, animal control, Volunteer Bushfire Brigades and the State Emergency Service.

Environmental Health

Health inspections, administration and preventative services; the provision and maintenance of medical and dental surgery premises.

Education and Welfare

Residential Aged Care well-aged housing, child health centre, community centres, youth support, including school holiday programs.

Recreation and Culture

Provision and maintenance of recreation centres, public halls, parks and reserves, sporting facilities, libraries and museum. Support to events, community education and awareness.

Economic Services

Promotion of tourism in the area, provision of caravan parks, building control, control of noxious weeds and pest plants, Department of Transport Licensing agency.

Transport

Construction and maintenance of roads, drainage, footpaths, parking facilities, private works, traffic signs, street cleaning and traffic management.

Community Amenities

Refuse and recycling collection services, operation of refuse disposal sites, town planning and regional development, cemeteries, townscaping activities, public conveniences, protection of the environment.

2019-2020
FINANCIAL REPORT
AND
AUDIT REPORT

Introduction to the Annual Financial Report

The 2019-2020 Annual Financial Report contains several accounting treatments that require explanation for the user to gain a full understanding the Shire's financial performance during 2019-20

Three new Accounting Standards were applicable to Local Government from the 1st July 2019. The new standards relate to the timing and recognition of revenue and the accounting for Leases. In addition to the new accounting standards, associated changes to the Local Government Financial Management Regulation also occurred.

The changes required a one-off adjustment to the accounts of a material amount. The full detail of these changes is disclosed at Note 29 of the annual financial report but are summarised below:

Leases - refer note 29(c)

For circumstances were the Shire leases property, plant and equipment the changes now result in all past and future leases being shown on the statement of financial position (Balance Sheet). This effectively means existing leases which in the past were only shown in the Statement of Comprehensive Income (Operating Statement) are now recorded as an asset and liability.

Revenue timing - refer note 29(b)

The changes relate to when a local government is required to classify money received from customers and contributors as revenue in its accounts. As a rule, prior to their commencement, money received from customers/contributors (for sales of goods or services or grants and contributors) would be recognised as revenue when received. This is no longer always the case, as the Standards requires the Shire to assess the contractual performance obligations imbedded in these types of transactions and then match the revenue recognition with the timing of the satisfaction of these obligations.

As part of the implementation of these new standards, the Shire has closed two reserve accounts and transferred the cash (with a corresponding liability account) into its general funds. Other changes relate to which year the Shire must show grant and contributions received that has resulted in a \$2.58m reduction in the net result shown on the Statement of Comprehensive Income (Balance Sheet)

Other changes are new descriptions such as contract assets and contract liabilities that have been created to ensure the revenue from customers, grants and contributions are shown in the correct year.

Advance Payment of Untied Grants and the impact on the Opening Rate Setting Surplus - ref note 27(b)

The Shire received an advance payment of a grant in 2019-2020 that would usually be received in 2021-22. The amount of the advance payment was \$1.06m and this has resulted in the opening rate setting cash being increased by that amount and the revenue in 2021-22 being reduced by the same amount. This is shown as a surplus of \$1,018,549 in the rate setting statement at the 30 June 2020. If this advance payment was not received, then the rate setting result for at 30 June 2020 would have been a deficit of \$48,160.

**First time recognition of rehabilitation costs for the Donnybrook Waste Management Facility
- ref note 2(b)**

An adjustment has been recognised for a provision in relation to the rehabilitation of the Donnybrook Waste Management Site. This amount is a one-off adjustment to 'Other Expenditure' as required by the Office of Auditor General. The amount of the one-off adjustment was \$628,151 and is shown as an increase in other expenses on the Statement of Comprehensive Income (Operating Expense). Without this adjustment, the other expenses line item would have been \$638,370 rather than \$1,266,521.

IMPACT ON THE NET RESULT OF THE REQUIRED CHANGES

The combined impact of the changes in accounting standards and the one-off adjustment to operating expenses due to the provision for rehabilitation of the Donnybrook Waste Management Facility resulted in \$2,854,895 loss which would have otherwise been recorded as a \$353,804 surplus if it were not for these mandatory adjustments.

Statement of Comprehensive Income	Net Result as reported as at 30 June 2020	Adjustments in 2019-2020	Unadjusted Net Result as at 30 June 2020
Net result surplus/(deficit)	(\$2,854,895)	\$3,208,699	\$353,804

**SHIRE OF DONNYBROOK BALINGUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020**

1. BASIS OF PREPARATION

The financial report comprises general purpose financial statements which have been prepared in accordance with Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board, and the *Local Government Act 1995* and accompanying regulations.

The *Local Government (Financial Management) Regulations 1996* take precedence over Australian Accounting Standards.

Prior to 1 July 2019, Regulation (Reg) 16 arbitrarily prohibited a local government from recognising as assets Crown land that is a public thoroughfare, i.e. land under roads, and land not owned by but under the control or management of the local government, unless it is a golf course, showground, racecourse or recreational facility of State or regional significance. Consequently, some assets pertaining to vested land, including land under roads acquired on or after 1 July 2008, were not recognised in previous financial reports *Shire*. This was not in accordance with the requirements of AASB 1051 Land Under Roads paragraph 15 and AASB 116 Property, Plant and Equipment paragraph 7.

From 1 July 2019, the Shire has applied AASB 16 Leases which requires leases to be included by lessees in the balance sheet. Also, the FM regs have been amended to specify that vested land is a right of use (ROU) asset to be measured at cost. All ROU assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not included in the balance sheet) rather than at fair value. The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the Shire to measure any vested improvements at zero cost.

The Shire has accounted for the removal of the vested land values associated with the Donnybrook and Balingup golf courses by removing the land value and associated revaluation reserve as at 1 July 2019.

The comparative year amounts have been retained as AASB 16 does not require comparatives to be restated in the year of transition.

Therefore the departure from AASB 1051 and AASB 16 in respect of the comparatives for the year ended 30 June 2019 remains.

NEW ACCOUNTING STANDARDS FOR APPLICATION IN FUTURE YEARS

On 1 July 2020 the following new accounting standards are to be adopted:

- AASB 1059 *Service Concession Arrangements: Grantors*
- AASB 2018-7 *Amendments to Australian Accounting Standards - Materiality*

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

AASB 1059 Service Concession Arrangements: Grantors is not expected to impact the financial report.

Specific impacts of *AASB 2018-7 Amendments to Australian Accounting Standards - Materiality*, have not been identified.

CRITICAL ACCOUNTING ESTIMATES

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

THE LOCAL GOVERNMENT REPORTING ENTITY

All funds through which the Shire controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

In the process of reporting on the local government as a single unit, all transactions and balances between those funds (for example, loans and transfers between funds) have been eliminated.

SHIRE OF DONNYBROOK BALINGUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

2. REVENUE AND EXPENSES

REVENUE RECOGNITION POLICY

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/Refunds/Warranties	Determination of transaction price	Allocating transaction price	Measuring obligations for returns	Timing of revenue recognition
Rates	General Rates	Over time	Payment dates adopted by Council during the year	None	Adopted by council annually	When taxable event occurs	Not applicable	When rates notice is issued
Operating grants, subsidies and contributions	General appropriations and contributions with no reciprocal commitment	No obligations	Not applicable	Not applicable	Cash received	On receipt of funds	Not applicable	When assets are controlled
Non-operating grants, subsidies and contributions	Construction or acquisition of recognisable non-financial assets to be controlled by the local government	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Set by mutual agreement with the customer	Based on the progress of works to match performance obligations	Returns limited to repayment of transaction price of terms breached	Output method based on project milestones and/or completion date matched to performance obligations as inputs are shared
Fees and charges	Charges made for council provided services, facility hire, fines, sale of goods, licenses.	Single point in time and over time. Dependant upon fee	In full in advance, or on normal credit trading terms. Dependant upon fee	Dependant upon good or service provided	Adopted by council annually, set by State legislation, or limited by legislation to the cost of provision. Dependant upon fee	Based on timing of provision of associated goods or service	Returns limited to repayment of transaction price for non provision of service or faulty goods in accordance with Council policy or State legislation	Output method based on provision of service or completion of works
Other Revenue	Other revenue than cannot be classified into the above categories	Single point in time and over time. Dependant upon fee	In full in advance, or on normal credit trading terms. Dependant upon fee	Dependant upon good or service provided	Adopted by council annually, set by State legislation, or limited by legislation to the cost of provision. Dependant upon fee	Based on timing of provision of associated goods or service	Returns limited to repayment of transaction price for non provision of service or faulty goods in accordance with Council policy or State legislation	Output method based on provision of service or completion of works

SHIRE OF DONNYBROOK BALINGUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

2. REVENUE AND EXPENSES

(a) Grant revenue

Grants, subsidies and contributions are included as both operating and non-operating revenues in the Statement of Comprehensive Income:

	2020 Actual	2020 Budget	2019 Actual
	\$	\$	\$
Operating grants, subsidies and contributions

	3,098,985	3,113,848	3,034,598

SIGNIFICANT ACCOUNTING POLICIES

Grants, subsidies and contributions

Operating grants, subsidies and contributions are grants, subsidies or contributions that are not non-operating in nature.

Non-operating grants, subsidies and contributions are amounts received for the acquisition or construction of recognisable non-financial assets to be controlled by the local government.

Fees and Charges

Revenue (other than service charges) from the use of facilities and charges made for local government services, sewerage rates, rentals, hire charges, fee for service, photocopying charges, licences, sale of goods or information, fines, penalties and administration fees.

SHIRE OF DONNYBROOK BALINGUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

2. REVENUE AND EXPENSES (Continued)

(a) Revenue (Continued)	2020 Actual \$	2020 Budget \$	2019 Actual \$
Contracts with customers and transfers for recognisable non-financial assets			
Revenue from contracts with customers and transfers to enable the acquisition or construction of recognisable non-financial assets to be controlled by the Shire was recognised during the year for the following nature or types of goods or services:			
Operating grants, subsidies and contributions	572,619	764,475	793,415
Fees and charges	2,643,673	2,673,281	2,707,352
Other revenue	1,621	1,300	5,234
Non-operating grants, subsidies and contributions	1,970,862	9,910,124	2,927,314
	5,188,775	13,349,180	6,433,315
Information about receivables, contract assets and contract liabilities from contracts with customers along with financial assets and associated liabilities arising from transfers to enable the acquisition or construction of recognisable non financial assets is:			
Trade and other receivables from contracts with customers	86,923	0	0
Contract assets	413,642	0	0
Financial assets held from transfers for recognisable financial assets	2,994,190	0	0
Contract liabilities from transfers for recognisable non financial assets	(2,994,190)	0	0

Contract assets primarily relate to the Shire's right to consideration for work completed but not billed at 30 June 2020. Assets associated with contracts with customers were not subject to an impairment charge. Impairment of assets associated with contracts with customers are detailed at note 2 (b) under 'Other expenditure'.

Contract liabilities for contracts with customers primarily relate to grants with performance obligations received in advance, for which revenue is recognised over time as the performance obligations are met. Information is not provided about remaining performance obligations for contracts with customers that had an original expected duration of one year or less. Consideration from contracts with customers is included in the transaction price. Performance obligations in relation to contract liabilities from transfers for recognisable non financial assets are satisfied as project milestones are met or completion of construction or acquisition of the asset. All associated performance obligations are expected to be met over the next 12 months.

SHIRE OF DONNYBROOK BALINGUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

2. REVENUE AND EXPENSES (Continued)

(a) Revenue (Continued)

Revenue from statutory requirements

Revenue from statutory requirements was recognised during the year for the following nature or types of goods or services:

	2020 Actual \$	2020 Budget \$	2019 Actual \$
General rates	5,072,527	5,084,690	4,893,202
Statutory permits and licences	121,783	119,790	216,526
Fines	3,246	7,100	5,867
Waste Management Levy	492,822	496,921	557,303
	5,690,378	5,708,501	5,672,898

Assets and services acquired below fair value

Contributed assets	303,098	0	0
Grants, subsidies and contributions	6,920,475	15,293,659	8,312,867
	7,223,573	15,293,659	8,312,867

Other revenue

Reimbursements and recoveries	217,550	184,019	243,728
Other	38,034	0	124,638
	255,584	184,019	368,366

Interest earnings

Interest on reserve funds	87,618	80,000	93,203
Rates instalment and penalty interest (refer Note 26(e))	74,240	72,500	72,054
Other interest earnings	97,806	52,700	213,176
	259,664	205,200	378,433

Grant revenue - advance payments

Local Government Grants Commission advance payment	1,066,709	0	1,047,559
	1,066,709	0	1,047,559

SIGNIFICANT ACCOUNTING POLICIES

Interest earnings

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Interest earnings (continued)

Interest income is presented as finance income where it is earned from financial assets that are held for cash management purposes.

(b) Expenses

Auditors remuneration

	2020 Actual \$	2020 Budget \$	2019 Actual \$
Audit of the Annual Financial Report	31,000	24,000	24,000
	31,000	24,000	24,000

Interest expenses (finance costs)

Lease liabilities	16(b) 1,850	0	0
	12,014	9,784	11,005

Other expenditure

Sundry expenses	1,266,521	523,994	578,029
	1,266,521	523,994	578,029

SHIRE OF DONNYBROOK BALINGUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

3. CASH AND CASH EQUIVALENTS

NOTE	2020	2019
	\$	\$
Cash at bank and on hand	16,567,035	14,961,552
Total cash and cash equivalents	16,567,035	14,961,552
Restrictions		
The following classes of assets have restrictions imposed by regulations or other externally imposed requirements which limit or direct the purpose for which the resources may be used:		
Cash and cash equivalents	15,115,587	14,382,530
	15,115,587	14,382,530

The restricted assets are a result of the following specific purposes to which the assets may be used:

Reserves - cash backed	4	6,651,263	9,041,443
Contract liabilities from transfers for recognisable non financial assets	15	2,994,190	0
Bonds and deposits	14	5,470,134	5,341,087
Total restricted assets		15,115,587	14,382,530

SIGNIFICANT ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value and bank overdrafts. Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

Restricted assets

Restricted asset balances are not available for general use by the local government due to externally imposed restrictions. Externally imposed restrictions are specified in an agreement, contract or legislation. This applies to reserves, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement.

All reserves are supported by cash and cash equivalents and are restricted within equity as Reserves - cash backed.

In accordance with Council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

Anticipated

date of use

Purpose of the reserve

Name of Reserve	Anticipated date of use	Purpose of the reserve
(a) Employee Entitlements Reserve	Ongoing	Established to provide funds for the payment of long service leave and grandfathered gratuity scheme entitlements.
(b) Waste Management Reserve	Ongoing	To receive funds collected from the Shire's Waste Management levy for the purpose of providing waste management facilities.
(c) Bushfire Control & Management Reserve	Ongoing	To receive funds collected from the Shire's Fire Protection Levy for the purpose of providing fire fighting equipment to meet the needs of the district.
(d) Aged Housing Reserve	Ongoing	Established to manage funds from aged housing schemes for the upgrade of Council managed aged housing facilities.
(e) Covid 19 Reserve	Ongoing	To fund initiatives and activities associated with the Shire's response and recovery from the COVID-19 pandemic.
(f) Arbutthott Memorial Scholarship Reserve	Ongoing	To fund the payment of the Arbutthott Scholarship.
(g) Strategic Planning Studies Reserve	Ongoing	Established to accumulate funds for engaging strategic studies / reports.
(h) Land Development Reserve Fund	Ongoing	To fund the purchase of land for future community purposes.
(i) Vehicle Reserve	Ongoing	To accumulate funds for the acquisition and replacement of Council's vehicle fleet.
(j) Roadworks Reserve	Ongoing	Established to accumulate funds for the construction, renewal and major maintenance of road infrastructure.
(k) Revaluation Reserve	Ongoing	Established to accumulate funds for asset revaluations and rates gross rental valuation - General revaluation.
(l) Central Business District Reserve	Ongoing	To fund future Central Business District projects.
(m) Buildings Reserve	Ongoing	To accumulate funds for the construction, renewal and major maintenance of Council buildings.
(n) Building Maintenance Reserve	N/A	Closed - Amalgamated with Building Reserve. Resolution 118/19 21 August 2019.
(o) Apple Funpark Reserve	Ongoing	To receive donations and to provide for the future capital upgrade and maintenance of equipment and facilities at the Apple Funpark in Collins Street, Donnybrook.
(p) Information Technology Reserve	Ongoing	To accumulate funds for the acquisition and replacement of information technology equipment and software.
(q) 27 Pay Period Reserve	Ongoing	Established to provide funds for the additional cash outlay in each eleventh year when 27 pay fortnights occur instead of the normal 26.
(r) Unspent Grants Reserve	Ongoing	To hold unexpended grants to be utilised in future financial periods.
(s) Contribution To Works Reserve	Ongoing	To hold contributions for future works.
(t) Park and Reserves Reserve	Ongoing	Established to accumulate funds for the construction, renewal and major maintenance of parks & reserves infrastructure.
(u) Carried Forward Project Reserve	Ongoing	Established to accumulate funds from projects carried into future financial years.

SHIRE OF DONNYBROOK BALINGUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

5. OTHER FINANCIAL ASSETS

	2020	2019
	\$	\$
(a) Current assets		
Financial assets at amortised cost	9,144	8,660
	9,144	8,660
Other financial assets at amortised cost		
Self Supporting Loans	9,144	8,660
	9,144	8,660
(b) Non-current assets		
Financial assets at amortised cost	54,992	64,375
Financial assets at fair value through profit and loss	86,867	86,867
	141,859	151,242
Financial assets at amortised cost		
Self supporting loans	54,992	64,375
	54,992	64,375
Financial assets at fair value through profit and loss		
Units in Local Government House Trust	61,867	61,867
Shares in Bendigo Bank	25,000	25,000
	86,867	86,867

Loans receivable from clubs/institutions have the same terms and conditions as the related borrowing disclosed in Note 17(b) as self supporting loans.

SIGNIFICANT ACCOUNTING POLICIES

Other financial assets at amortised cost

The Shire classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Financial assets at fair value through profit and loss

The Shire classifies the following financial assets at fair value through profit and loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the Shire has not elected to recognise fair value gains and losses through other comprehensive income.

Impairment and risk

Information regarding impairment and exposure to risk can be found at Note 28.

SHIRE OF DONNYBROOK BALINGUP
 NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
 FOR THE YEAR ENDED 30 JUNE 2020

6. TRADE AND OTHER RECEIVABLES

Current

Rates receivable
 Trade and other receivables
 GST receivable
 Accrued income
 Prepayments

Non-current

Pensioner's rates and ESL deferred
 Accrued income

	2020	2019
	\$	\$
Rates receivable	427,937	441,645
Trade and other receivables	86,923	263,533
GST receivable	37,361	53,184
Accrued income	55,881	187,300
Prepayments	17,047	3,093
	625,149	948,755
Pensioner's rates and ESL deferred	137,092	161,612
Accrued income	814,603	815,034
	951,695	976,646

SIGNIFICANT ACCOUNTING POLICIES

Trade and other receivables

Trade and other receivables include amounts due from ratepayers for unpaid rates and service charges and other amounts due from third parties for goods sold and services performed in the ordinary course of business.

Trade receivables are recognised at original invoice amount less any allowances for uncollectible amounts (i.e. impairment). The carrying amount of net trade receivables is equivalent to fair value as it is due for settlement within 30 days.

Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 28.

SIGNIFICANT ACCOUNTING POLICIES (Continued)

Classification and subsequent measurement

Receivables expected to be collected within 12 months of the end of the reporting period are classified as current assets. All other receivables are classified as non-current assets.

Trade receivables are held with the objective to collect the contractual cashflows and therefore measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

SHIRE OF DONNYBROOK BALINGUP
 NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
 FOR THE YEAR ENDED 30 JUNE 2020

7. INVENTORIES

Current

Fuel and materials
 Land held for re-sale
 Gravel
 Work in progress (gravel)
 Kiosk supplies

	2020	2019
	\$	\$
	8,574	8,062
	45,468	163,670
	114,478	8,251
	200	10,284

	(282,071)	(288,796)
	260,540	254,997
	170,390	191,921

The following movements in inventories occurred during the year:

Carrying amount at beginning of period

Inventories expensed during the year

Additions to inventory

Carrying amount at end of period

SIGNIFICANT ACCOUNTING POLICIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land held for resale

Land held for development and resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development.

SHIRE OF DONNYBROOK BALINGUP
 NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
 FOR THE YEAR ENDED 30 JUNE 2020

8. PROPERTY, PLANT AND EQUIPMENT (Continued)

(b) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Land and buildings					
Land - Freehold land	2	Market approach using recent observable market data for similar properties/ income approach using discounted cashflow methodology	Independent Valuer	June 2017	Price per hectare, market borrowing rate, sales evidence
Land - Vested in and under the control of Council	2	Market approach using recent observable market data for similar properties/ income approach using discounted cashflow methodology	Independent Valuer	June 2017	Price per hectare, market borrowing rate, sales evidence
Buildings	3	Cost approach using depreciated replacement cost	Independent Valuer	June 2017	Construction costs (Level 2) and current condition (Level 3), residual values and remaining useful life assessments (Level 3)
Furniture and Equipment	3	Cost approach using depreciated replacement cost	Management Valuation	June 2016	Current condition, residual values and remaining useful life
Plant and Equipment	2	Market approach using recent observable market data for similar items	Management Valuation	June 2016	Current condition, residual values and remaining useful life

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs.

SHIRE OF DONNYBROOK BALINGUP
 NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
 FOR THE YEAR ENDED 30 JUNE 2020

9. INFRASTRUCTURE (Continued)

(b) Fair Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Infrastructure - Roads	3	Cost approach using depreciated replacement cost	Independent Valuation	June 2018	Construction costs (Level 2) and current age (Level 3). Residual values and remaining useful life assessments (Level 3).
Infrastructure - Other	3	Cost approach using depreciated replacement cost	Independent Valuation	June 2018	Construction costs (Level 2) and current age (Level 3). Residual values and remaining useful life assessments (Level 3).
Infrastructure - Drainage	3	Cost approach using depreciated replacement cost	Independent Valuation	June 2018	Construction costs (Level 2) and current age (Level 3). Residual values and remaining useful life assessments (Level 3).
Infrastructure - Footpaths	3	Cost approach using depreciated replacement cost	Independent Valuation	June 2018	Construction costs (Level 2) and current age (Level 3). Residual values and remaining useful life assessments (Level 3).
Infrastructure - Bridges	3	Cost approach using depreciated replacement cost	Independent Valuation	June 2018	Construction costs (Level 2) and current age (Level 3). Residual values and remaining useful life assessments (Level 3).

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used to determine the fair value of infrastructure using level 3 inputs.

SHIRE OF DONNYBROOK BALINGUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

10. FIXED ASSETS

SIGNIFICANT ACCOUNTING POLICIES

Fixed assets

Each class of fixed assets within either plant and equipment or infrastructure, is carried at cost or fair value as indicated less, where applicable, any accumulated depreciation and impairment losses.

Initial recognition and measurement between mandatory revaluation dates

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Financial Management Regulation 17A (5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

In relation to this initial measurement, cost is determined as the fair value of the assets given as consideration plus costs incidental to the acquisition. For assets acquired at zero cost or otherwise significantly less than fair value the cost is determined as fair value at the date of acquisition.

The cost of non-current assets constructed by the Shire includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads.

Individual assets that are land, buildings, infrastructure and investment properties acquired between initial recognition and the next revaluation of the asset class in accordance with the mandatory measurement framework, are recognised at cost and disclosed as being at fair value as management believes cost approximates fair value. They are subject to subsequent revaluation at the next anniversary date in accordance with the mandatory measurement framework.

Revaluation

The fair value of land, buildings, infrastructure and investment properties is determined at least once every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on vested land acquired by the Shire.

At the end of each period the valuation is reviewed and where appropriate the fair value is updated to reflect current market conditions. This process is considered to be in accordance with Local Government (Financial Management) Regulation 17A (2) which requires land, buildings, infrastructure, investment properties and vested improvements to be shown at fair value.

Increases in the carrying amount arising on revaluation of assets are credited to a revaluation surplus in equity. Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

AUSTRALIAN ACCOUNTING STANDARDS - INCONSISTENCY

Land under control prior to 1 July 2019

In accordance with the then *Local Government (Financial Management) Regulation 16(a)(ii)*, the Shire was required to include as an asset (by 30 June 2013), vested Crown Land operated by the local government as a golf course, showground, racecourse or other sporting or recreational facility of State or Regional significance.

Upon initial recognition, these assets were recorded at cost in accordance with AASB 116. They were then classified as Land and revalued along with other land.

Land under roads prior to 1 July 2019

In Western Australia, most land under roads is Crown Land, the responsibility for managing which, is vested in the local government.

Effective as at 1 July 2008, Council elected not to recognise any value for land under roads acquired on or before 30 June 2008.

This accords with the treatment available in *Australian Accounting Standard AASB 1051 Land Under Roads* and the then *Local Government (Financial Management) Regulation 16(a)(i)* which arbitrarily prohibited local governments from recognising such land as an asset. This regulation has now been deleted.

In respect of land under roads acquired on or after 1 July 2008, as detailed above, the then *Local Government (Financial Management) Regulation 16(a)(i)* prohibited local governments from recognising such land as an asset.

Whilst such treatment is inconsistent with the requirements of *AASB 1051, Local Government (Financial Management) Regulation 4(2)* provides, in the event of such an inconsistency, the *Local Government (Financial Management) Regulations* prevail. Consequently, any land under roads acquired on or after 1 July 2008 is not included as an asset of the Shire.

Land under roads from 1 July 2019

As a result of amendments to the Local Government (Financial Management) Regulations 1996, effective from 1 July 2019, vested land, including land under roads, are treated as ROU assets measured at zero cost. Therefore, the previous inconsistency with AASB 1051 in respect on non-recognition of land under roads acquired on or after 1 July 2008 has been removed, even though measurement at zero cost means that land under roads is still not included in the balance sheet.

The Shire has accounted for the removal of the vested land values associated with golf courses by removing the land value and associated revaluation reserve as at 1 July 2019. The comparatives have not been restated.

Vested improvements from 1 July 2019

The measurement of vested improvements at fair value in accordance with Local Government (Financial Management) Regulation 17A(2)(iv) is a departure from AASB 16 which would have required the Shire to measure the vested improvements as part of the related ROU assets at zero cost. Refer to Note 11 that details the significant accounting policies applying to leases (including ROU assets).

2020 Budget for Infrastructure - Roads includes aggregated depreciation all classes of infrastructure. This reflects disclosure in the adopted 2020 Annual Budget.

SIGNIFICANT ACCOUNTING POLICIES

Depreciation

The depreciable amount of all fixed assets including buildings but excluding freehold land and vested land, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset Class	Useful life
Buildings	20 to 100 years
Office Furniture and Equipment	4 to 15 years
Computer Equipment	4 to 15 years
Plant and equipment	5 to 15 years
Infrastructure	
Bridges	27 to 77 years
Road clearing and earthworks	not depreciated
Road Pavement	40 to 45 years
Road Seal	15 years
Car Parks	40 years
Cycleways	40 years
Footpaths - Concrete	25 to 71 years
Footpaths - Slabs	25 to 71 years
Storm Water Drainage	83 years
Other	4 to 80 years

Depreciation on revaluation

When an item of property, plant and equipment is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- (a) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset. For example, the gross carrying amount may be restated by reference to observable market data or it may be restated proportionately to the change in the carrying amount. The accumulated depreciation at the date of the revaluation is adjusted to equal the difference between the gross carrying amount and the carrying amount of the asset after taking into account accumulated impairment losses; or
- (b) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Amortisation

All intangible assets with a finite useful life, are amortised on a straight-line basis over the individual asset's useful life from the time the asset is held for use.

The residual value of intangible assets is considered to be zero and the useful life and amortisation method are reviewed at the end of each financial year.

SHIRE OF DONNYBROOK BALINGUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

11. LEASES

(a) Right of Use Assets

Movement in the carrying amounts of each class of right of use asset between the beginning and the end of the current financial year.

	Right of Use Assets - Plant and Equipment \$	Right of use assets Total
Carrying amount at 30 June 2019	0	0
Recognised on initial application of AASB 16	114,804	114,804
Restated total equity at the beginning of the financial year	114,804	114,804
Additions	34,367	34,367
Depreciation (expense)	(59,270)	(59,270)
Carrying amount at 30 June 2020	89,901	89,901

(b) Cash outflow from leases

Interest expense on lease liabilities	1,850	1,850
Lease principal expense	58,719	58,719
Total cash outflow from leases	60,569	60,569

SIGNIFICANT ACCOUNTING POLICIES

Leases

At inception of a contract, the Shire assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right of use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Shire uses its incremental borrowing rate.

Right of Use Assets assets are measured at cost. This means that all Right of Use Assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not included in the balance sheet).

The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value. Refer to Note 1 that details the significant accounting policies applying to vested improvements.

Leases (continued)

Right of use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shortest. Where a lease transfers ownership of the underlying asset, or the cost of the right of use asset reflects that the Shire anticipates to exercise a purchase option, the specific asset is amortised over the useful life of the underlying asset.

All contracts that are classified as short-term leases (i.e. a lease with a remaining term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Leases for right of use assets are secured over the asset being leased.

88,643	72,637
100	369
6,353,102	6,513,461

SIGNIFICANT ACCOUNTING POLICIES

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the Shire prior to the end of the financial year that are unpaid and arise when the Shire becomes obliged to make future payments in respect of the purchase of these goods and services.

The amounts are unsecured, are recognised as a current liability and are normally paid within 30 days of recognition

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

Non-current	3,657,000	4,022,000
	3,965,000	4,022,000

Preston Village Lease Liability

Preston Village Lease Liability represents monies paid by the ingoing leasees of the Preston Retirement Village, Sharp Street Donnybrook under a life tenancy lease arrangement.

The proceeds received from the life tenancies are initially classified as a non-current liability as the Shire is only required to repay these funds to a vacating leasee, or their estate, in the event that the Shire is unable to attract a subsequent leasee within the 3-year time period, as specified in the lease agreement.

The lease liability in respect to each unit leased will remain unchanged unless the Shire is required to refund any lease amount in which case the lease liability will be reduced when refunded.

Where a leasee has vacated a property prior to balance date, the loan liability to the leasee has been classified as non-current as the Shire will not be required to repay the leasee until the property is re-leased. In the event that the property will be re-leased within the next 12 months, the existing liability will be replaced with a new non current liability with no net impact on the Shire's Statement of Financial Position.

In the event that Council elects not to market a vacated unit, or the unit will have been vacant for a period of three years at a date falling within the next 12 months, any loan liability on the property will be classified as current.

The respective cost of land and buildings to which the leases relate are recorded at cost within the Shire's property, plant and equipment (Note 8a).

SIGNIFICANT ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are recognised at fair value when the Shire becomes a party to the contractual provisions to the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost. Gains or losses are recognised in profit or loss.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and the fair value of the consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Borrowing costs

Borrowing costs are recognised as an expense when incurred except where they are directly attributable to the acquisition, construction or production of a qualifying asset. Where this is the case, they are capitalised as part of the cost of the particular asset until such time as the asset is substantially ready for its intended use or sale.

Risk

Information regarding exposure to risk can be found at Note 28.

SHIRE OF DONNYBROOK BALINGUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

18. EMPLOYEE RELATED PROVISIONS

(a) Employee Related Provisions

Opening balance at 1 July 2019

	Provision for Annual Leave \$	Provision for Long Service Leave \$	Total \$
Current provisions	435,668	318,573	754,241
Non-current provisions	0	139,735	139,735
	435,668	458,308	893,976

Additional provision	354,151	146,850	501,001
Amounts used	(275,925)	(39,015)	(314,940)

Balance at 30 June 2020

	513,894	566,143	1,080,037
Comprises			
Current	513,894	438,098	951,992
Non-current	0	128,045	128,045
	513,894	566,143	1,080,037

Amounts are expected to be settled on the following basis:

	2020 \$	2019 \$
Less than 12 months after the reporting date	951,992	754,241
More than 12 months from reporting date	128,045	139,735
	1,080,037	893,976

Timing of the payment of current leave liabilities is difficult to determine as it is dependent on future decisions of employees. Expected settlement timings are based on information obtained from employees and historical leave trends and assumes no events will occur to impact on these historical trends.

SIGNIFICANT ACCOUNTING POLICIES

Employee benefits

Short-term employee benefits

Provision is made for the Shire's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The Shire's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

The Shire's obligations for employees' annual leave and long service leave entitlements are recognised as provisions in the statement of financial position.

Long-term employee benefits are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at

Other long-term employee benefits (Continued)

rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The Shire's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the Shire does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

Provisions

Provisions are recognised when the Shire has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

19. OTHER PROVISIONS

The Shire operates the Donnybrook Waste Management Facility (DWMF) as the central waste processing and disposal facility for the Shire.

Landfills within Western Australia are required to have a plan for capping, closing and rehabilitating waste facilities at the end of its life.

A Landfill Closure Management Plan (LCMP) was prepared for the existing facility in 2013 in line with guidance standards. The LCMP specifies the final cap design, slopes, methods of managing storm water, post closure monitoring requirements including groundwater, surface water and landfill gas monitoring.

The LCMP has been approved by the Department of Water and Environmental Regulation.

Estimated costings for the capping and monitoring the facility was undertaken in 2017 by ASK Waste Management Consultancy Services (Economic Review - Waste Facility Future Operations, March 2017).

20. NOTES TO THE STATEMENT OF CASH FLOWS

Reconciliation of Cash

For the purposes of the Statement of Cash Flows, cash includes cash and cash equivalents, net of outstanding bank overdrafts. Cash at the end of the reporting period is reconciled to the related items in the Statement of Financial Position as follows:

	2020 Actual	2020 Budget	2019 Actual

	2020	2019
	\$	\$
	0	59,893
	0	66,180
	0	126,073

SIGNIFICANT ACCOUNTING POLICIES

Leases

Leases of fixed assets where substantially all the risks and benefits incidental to the ownership of the asset, but not legal ownership, are transferred to the Shire, are classified as finance leases.

Finance leases are capitalised recording an asset and a liability at the lower of the fair value of the leased property or the present value of the minimum lease payments, including any guaranteed residual values. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leases (Continued)

Leased assets are depreciated on a straight line basis over the shorter of their estimated useful lives or the lease term.

Lease incentives under operating leases are recognised as a liability and amortised on a straight line basis over the life of the lease term.

From 1 July 2019, the shire has recognised right of use assets and corresponding lease liability for all non-cancellable operating lease commitments, apart for short term and low value leases. Refer to note 29(c).

24. RELATED PARTY TRANSACTIONS

Elected Members Remuneration

The following fees, expenses and allowances were paid to council members and/or the President.

	2020 Actual	2020 Budget	2019 Actual
	\$	\$	\$
Meeting fees	90,246	90,966	72,896
President's allowance	10,008	10,008	10,000
Deputy President's allowance	2,502	2,502	2,500
Travelling expenses	6,596	12,000	8,195
Telecommunications allowance	11,808	15,102	9,066
	121,160	130,578	102,657

Key Management Personnel (KMP) Compensation Disclosure

The total of remuneration paid to KMP of the Shire during the year are as follows:

	2020 Actual	2019 Actual
	\$	\$
Short-term employee benefits	450,291	304,810
Post-employment benefits	49,003	39,616
Other long-term benefits	50,837	31,042
Termination benefits (Redundancy / ETP's)	29,351	59,485
	579,482	434,953

Short-term employee benefits

These amounts include all salary, fringe benefits and cash bonuses awarded to KMP except for details in respect to fees and benefits paid to elected members which may be found above.

Post-employment benefits

These amounts are the current-year's estimated cost of providing for the Shire's superannuation contributions made during the year.

Other long-term benefits

These amounts represent long service benefits accruing during the year.

Termination benefits

These amounts represent eligible termination benefits paid to KMP

24. RELATED PARTY TRANSACTIONS (Continued)

Transactions with related parties

Transactions between related parties and the Shire are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

The following transactions occurred with related parties:	2020 Actual	2019 Actual
	\$	\$
Purchase of goods and services	78,495	46,211

Related Parties

The Shire's main related parties are as follows:

i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any elected member, are considered key management personnel.

SHIRE OF DONNYBROOK BALINGUP

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT FOR THE YEAR ENDED 30 JUNE 2020

25. INVESTMENT IN ASSOCIATE AND JOINT ARRANGEMENTS

(a) Share of joint operations

The Shire has a 50% Equity in the Donnybrook Community Library situated on Education Department Land (Reserve 24032 Bentley Street, Donnybrook). Operational and maintenance costs are apportioned between the Shire and the Education Department based on estimated usage patterns.

The assets and liabilities associated with this joint operation are:

	2020 \$	2019 \$
Council Equity Assets	802,882	517,417
Total assets	802,882	517,417
Current liabilities	1,249	0

Changes in Asset Revaluation Surplus	0	0
Total Other Comprehensive Income for the Period	0	0
Total Comprehensive Income for the Period	47,566	82,410

SIGNIFICANT ACCOUNTING POLICIES

Interests in joint arrangements

Joint arrangements represent the contractual sharing of control between parties in a business venture where unanimous decisions about relevant activities are required.

Separate joint arrangements providing joint ventures with an interest to net assets are classified as a joint venture and accounted for using the equity method. The equity method of accounting, whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the Shire's share of net assets of the associate. In addition, the Shire's share of the profit or loss of the associate is included in the Shire's profit or loss.

Interests in joint arrangements (Continued)

Joint operations represent arrangements whereby joint operators maintain direct interests in each asset and exposure to each liability of the arrangement. The Shire's interests in the assets, liabilities, revenue and expenses of joint operations are included in the respective line items of the financial statements.

SIGNIFICANT ACCOUNTING POLICIES

Rates

Control over assets acquired from rates is obtained at the commencement of the rating period.

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the Shire recognises revenue for the prepaid rates that have not been refunded.

SHIRE OF DONNYBROOK BALINGUP
 NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
 FOR THE YEAR ENDED 30 JUNE 2020

28. FINANCIAL RISK MANAGEMENT

This note explains the Shire's exposure to financial risks and how these risks could affect the Shire's future financial performance.

Risk	Exposure arising from	Measurement	Management
Market risk - interest rate	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings
Credit risk	Cash and cash equivalents, trade receivables, financial assets and	Aging analysis Credit analysis	Diversification of bank deposits, credit limits. Investment policy
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

The Shire does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance area under policies approved by the Council. The finance area identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council has policies on specific areas such as investment policy.

(a) Interest rate risk

Cash and cash equivalents

The Shire's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the Shire to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the Shire to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents and term deposits held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted Average Interest Rate	Carrying Amounts	Fixed Interest Rate	Variable Interest Rate	Non Interest Bearing
	%	\$	\$	\$	\$
2020					
Cash and cash equivalents	0.26%	16,567,035	12,449,868	4,115,007	2,160
2019					
Cash and cash equivalents	0.33%	14,961,552	13,312,239	1,650,602	2,160

Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

Impact of a 1% movement in interest rates on profit and loss and equity*

* Holding all other variables constant

	2020	2019
	\$	\$
	41,150	16,506

Borrowings

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The Shire manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The Shire does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 17(b).

28. FINANCIAL RISK MANAGEMENT (Continued)

(b) Credit risk

Trade and Other Receivables

The Shire's major receivables comprise rates annual charges and user fees and charges. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The Shire manages this risk by monitoring outstanding debt and employing debt recovery policies. It also encourages ratepayers to pay rates by the due date through incentives.

Credit risk on rates and annual charges is minimised by the ability of the Shire to recover these debts as a secured charge over the land, that is, the land can be sold to recover the debt. Whilst the Shire was historically able to charge interest on overdue rates and annual charges at higher than market rates, which further encourage payment, the effect of COVID-19 needs to be considered. Financial assistance provided to ratepayers is expected to adversely affect the Shire's cash flows.

The level of outstanding receivables is reported to Council monthly and benchmarks are set and monitored for acceptable collection performance.

The Shire applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, rates receivable are separated from other trade receivables due to the difference in payment terms and security for rates receivable.

The expected loss rates are based on the payment profiles of rates and fees and charges over a period of 36 months before 1 July 2019 or 1 July 2020 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of ratepayers and residents to settle the receivables. Housing prices and unemployment rates have been identified as the most relevant factor in repayment rates, and accordingly adjustments are made to the expected credit loss rate based on these factors. Re-negotiation or repayment terms is expected due to the COVID-19 pandemic.

The loss allowance as at 30 June 2020 was determined as follows and takes into account any waiver of penalty interest due to the impact of COVID-19.

	Current	More than 1 year past due	More than 2 years past due	More than 3 years past due	Total
30 June 2020					
Rates receivable					
Expected credit loss	0.81%	0.81%	0.81%	0.81%	0.81%
Gross carrying amount	148,860	97,964	53,955	127,158	427,937
Loss allowance	1,206	794	437	1,030	3,466
30 June 2019					
Rates receivable					
Expected credit loss	0.00%	0.00%	0.00%	0.00%	0.00%
Gross carrying amount	202,695	92,011	44,258	102,681	441,645
Loss allowance	0	0	0	0	0

The loss allowance as at 30 June 2020 and 30 June 2019 was determined as follows for trade receivables.

	Current	More than 30 days past due	More than 60 days past due	More than 90 days past due	Total
30 June 2020					
Trade and other receivables					
Expected credit loss	0.32%	0.32%	0.32%	0.32%	0.32%
Gross carrying amount	51,242	14,062	3,606	18,013	86,923
Loss allowance	164	45	12	58	278
30 June 2019					
Trade and other receivables					
Expected credit loss	0.00%	0.00%	0.00%	0.87%	0.87%
Gross carrying amount	246,498	8,978	0	8,057	263,533
Loss allowance	0	0	0	701	701

The loss carrying provision has not been brought to account as it is not deemed to be material.

28. FINANCIAL RISK MANAGEMENT (Continued)

(b) Credit risk (Continued)

Contract Assets

The Shire's contract assets represent work completed, which have not been invoiced at year end. This is due to the Shire not having met all the performance obligations in the contract which have an unconditional right to receive consideration. The Shire applies the simplified approach to measure expected credit loss which uses a lifetime expected loss allowance for all contract assets. To measure the expected credit loss, contract assets have been grouped based on shared credit risk characteristics and the days past due. Contract assets have substantially the same risk characteristics as the trade receivables for the same types of contracts. The Shire has therefore concluded that the expected loss rates for trade receivables are a reasonable approximation of the loss rates for the contract assets.

28. FINANCIAL RISK MANAGEMENT (Continued)

(c) Liquidity risk

Payables and borrowings

Payables and borrowings are both subject to liquidity risk - that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The Shire manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 17.

The contractual undiscounted cash flows of the Shire's payables and borrowings are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Due within 1 year \$	Due between 1 & 5 years \$	Due after 5 years \$	Total contractual cash flows \$	Carrying values \$
2020					
Payables	6,353,102	0	0	6,353,102	6,353,102
Borrowings	73,811	338,062	286,465	698,338	651,083
Other Financial Liabilities	308,000	0	3,657,000	3,965,000	3,965,000
Contract liabilities	60,422	2,728,641	205,127	2,994,190	2,994,190
Lease liabilities	50,057	40,395	0	90,452	90,452
	<u>6,845,392</u>	<u>3,107,098</u>	<u>4,148,592</u>	<u>14,101,082</u>	<u>14,053,827</u>
2019					
Payables	6,513,461	0	0	6,513,461	6,513,461
Other Financial Liabilities	0	0	0	4,022,000	4,022,000
Borrowings	42,237	227,803	155,033	425,073	392,535
	<u>6,555,698</u>	<u>227,803</u>	<u>155,033</u>	<u>10,960,534</u>	<u>10,927,996</u>

SHIRE OF DONNYBROOK BALINGUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

29. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS

During the current year, the Shire adopted all of the new and revised Australian Accounting Standards and Interpretations which were compiled, became mandatory and which were applicable to its operations.

(a) AASB 15: Revenue from Contracts with Customers

The Shire adopted AASB 15 Revenue from Contracts with Customers (issued December 2014) on 1 July 2019 resulting in changes in accounting policies. In accordance with the transition provisions AASB 15, the Shire adopted the new rules retrospectively with the cumulative effect of initially applying these rules recognised on 1 July 2019. In summary the following adjustments were made to the amounts recognised in the balance sheet at the date of initial application (1 July 2019):

	Note	AASB 118 carrying amount 30 June 2019 \$	Reclassification \$	AASB 15 carrying amount 01 July 2019 \$
Contract assets	2(a)	0	12,972	12,972
Contract liabilities - current				
Contract liabilities from transfers for recognisable non financial assets		0	(61,016)	(61,016)
Adjustment to retained surplus from adoption of AASB 15	29(e)	0	(48,044)	(48,044)

(b) AASB 1058: Income For Not-For-Profit Entities

The Shire adopted AASB 1058 Income for Not-for-Profit Entities (issued December 2016) on 1 July 2019 which will result in changes in accounting policies. In accordance with the transition provisions AASB 1058, the Shire adopted the new rules retrospectively with the cumulative effect of initially applying AASB 1058 recognised at 1 July 2019. Comparative information for prior reporting periods was not restated in accordance with AASB 1058 transition requirements.

In applying AASB 1058 retrospectively with the cumulative effect of initially applying the Standard on 1 July 2019 changes occurred to the following financial statement line items by application of AASB 1058 as compared to AASB 118: Revenue and AASB 1004: Contributions before the change:

	Note	AASB 118 and AASB 1004 carrying amount 30 June 2019 \$	Reclassification \$	AASB 1058 carrying amount 01 July 2019 \$
Trade and other payables				
Contract liabilities from transfers for recognisable non financial assets		0	(1,030,925)	(1,030,925)
Adjustment to retained surplus from adoption of AASB 1058	29(e)	0	(1,030,925)	(1,030,925)

Assets that were acquired for consideration, that were significantly less than fair value principally to enable the Shire to further its objectives, may have been measured on initial recognition under other Australian Accounting Standards at a cost that was significantly less than fair value. Such assets are not required to be remeasured at fair value.

Volunteer Services on relation to bushfire brigades were not recognised as the fair value of the services cannot be reliably estimated.

SHIRE OF DONNYBROOK BALINGUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

29. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS (Continued)

The table below provides details of the amount by which each financial statement line item is affected in the current reporting period by the application of this Standard as compared to AASB 118 and 1004 and related Interpretations that were in effect before the change.

		2020 \$	2020 \$
	Note	As reported under AASB 15 and AASB 1058	Adjustment due to application of AASB 15 and AASB 1058
			Compared to AASB 118 and AASB 1004
Statement of Comprehensive Income			
Revenue			
Non-operating grants, subsidies and contributions	2(a)	1,970,862	2,580,548
Net result		(2,854,895)	2,580,548
			(274,347)
Statement of Financial Position			
Contract assets	2(a)	413,642	(413,642)
Contract liabilities	15	(2,994,190)	2,994,190
Net assets		167,404,914	2,580,548
			169,985,462
Statement of Changes in Equity			
Net result		(2,854,895)	2,580,548
Retained surplus		29,961,747	2,580,548
			32,542,295

Refer to Note 2(a) for new revenue recognition accounting policies as a result of the application of AASB 15 and AASB 1058.

(c) AASB 16: Leases

The Shire adopted AASB 16 retrospectively from 1 July 2019 which resulted in changes in accounting policies. In accordance with the transition provisions of AASB 16, the Shire has applied this Standard to its leases retrospectively, with the cumulative effect of initially applying AASB16 recognised on 1 July 2019. In applying AASB 16, under the specific transition provisions chosen, the Shire will not restate comparatives for prior reporting periods.

On adoption of AASB 16, the Shire recognised lease liabilities in relation to leases which had previously been classified as an 'operating lease' applying AASB 117 (excluding short term and low value leases). These lease liabilities were measured at the present value of the remaining lease payments, discounted using the lessees's incremental borrowing rate on 1 July 2019. The weighted average lessees's incremental borrowing rate applied to the lease liability on 1 July 2019 was 2.20%.

	Note	2020 \$
Operating lease commitments at 30 June 2019 applying AAS 117		126,073
Discount applied using incremental borrowing rate		(11,270)
Lease liability recognised as 1 July 2019 discounted using the Shire's incremental borrowing rate of 2.20%	16(b)	114,803
Lease liability - current		58,028
Lease liability - non-current		56,775
Right-of-use assets recognised at 1 July 2019		114,803

On adoption of AASB 16 the Shire recognised a right-of-use asset in relation to leases which had previously been classified as an 'operating lease' applying AASB 117. This right-of-use asset is deemed to be equal to the lease liability adjusted by the amount of any prepaid or accrued lease payments.

Property, plant and equipment and lease liabilities increased by \$114,803 on 1 July 2019 resulting in no impact on retained surplus.

On adoption of AASB 16 Leases (issued February 2016), for leases which had previously been classified as an 'operating lease' when applying AASB 117, the Shire is not required to make any adjustments on transition for leases for which the underlying asset is of low value. Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with Financial Management Regulation 17A (5).

In applying AASB 16 for the first time, the Shire will use the following practical expedient permitted by the standard.

- The exclusion of initial direct costs from the measurement of the right-of-use asset at the date of initial application.

SHIRE OF DONNYBROOK BALINGUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020

29. INITIAL APPLICATION OF AUSTRALIAN ACCOUNTING STANDARDS (Continued)

(d) Change in Accounting Policy

(i) Regulation 17A of the Local Government (Financial Management) Regulations 1996 was amended to require plant and equipment type assets to be measured under the cost model, rather than at fair value. Implementation of the cost model is effective from the beginning of the 2019/20 year.

In applying the retrospective change as at 1 July 2019, the Shire reversed plant and equipment revaluation credit balances to retained surplus

Revaluation surplus - Furniture and Equipment	20,001
Revaluation surplus - Plant and Equipment	<u>1,386,293</u>
	1,406,294

(ii) The Local Government (Financial Management) Regulations 1996 was amended relating to Crown Land that is vested or under a Management Order, or other land that is not owned by the local government but which is vested in the local government.

The requirement to value vested land that is a golf course, showground, racecourse or any other sporting or recreational facility of State or regional significance has been removed.

In applying the retrospective change as at 1 July 2019, the Shire reversed vested land values and associated revaluation reserve

Revaluation Surplus

Revaluation Surplus - Land	<u>381,000</u>
	381,000

Property Plant and Equipment

Land - Donnybrook Golf Course	211,000
Land - Balingup Golf Course	<u>170,000</u>
	381,000

(e) Impact of New Accounting Standards and changes in Accounting Policy on Retained Surplus

The impact on the Shire's retained surplus due to the adoption of AASB 15, AASB 1058 and AASB 16 as at 1 July 2019 was as follows:

	Note	Adjustments	2019
Retained surplus - 30 June 2019			\$ 30,099,137
Adjustment to retained surplus from change in accounting policy	28(d)	1,406,294	
Adjustment to retained surplus from adoption of AASB 15	29(a)	(48,044)	
Adjustment to retained surplus from adoption of AASB 1058	29(b)	<u>(1,030,925)</u>	<u>327,325</u>
Retained surplus - 1 July 2019			30,426,462

SHIRE OF DONNYBROOK BALINGUP
 NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
 FOR THE YEAR ENDED 30 JUNE 2020

30. TRUST FUNDS

Funds held at balance date which are required to be held in trust and which are not included in the financial statements are as follows:

	1 July 2019	Amounts Received	Amounts Paid	Reclassification to Municipal Fund	30 June 2020
	\$	\$	\$		\$
Public open space contributions	76,069	108,583	0	0	184,652
Redden tree planting	1,499	0	0	(1,499)	0
Donnybrook- Balingup Aged Homes	266,425	0	0	(266,425)	0
	343,993	108,583	0	(267,924)	184,652

SHIRE OF DONNYBROOK BALINGUP

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT

FOR THE YEAR ENDED 30 JUNE 2020

31. OTHER SIGNIFICANT ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the Shire's operational cycle. In the case of liabilities where the Shire does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the Shire's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the Shire applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) statement of financial position as at the beginning of the preceding period in addition to the minimum comparative financial statements is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The Shire contributes to a number of Superannuation Funds on behalf of employees. All funds to which the Shire contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the Shire would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair

value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The Shire selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the Shire are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the Shire gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

i) Impairment of assets

In accordance with Australian Accounting Standards the Shire's cash generating non-specialised assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

For non-cash generating specialised assets that are measured under the revaluation model, such as roads, drains, public buildings and the like, no annual assessment of impairment is required. Rather AASB 116.31 applies and revaluations need only be made with sufficient regulatory to ensure the carrying value does not differ materially from that which would be determined using fair value at the ends of the reporting period.

**SHIRE OF DONNYBROOK BALINGUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2020**

32. ACTIVITIES/PROGRAMS

Shire operations as disclosed in these financial statements encompass the following service orientated activities/programs.

KEY TERMS AND DEFINITIONS - REPORTING PROGRAMS

In order to discharge its responsibilities to the community, Council has developed a set of operational and financial objectives. These objectives have been established both on an overall basis, reflected by the Shire's Community Vision, and for each of its broad activities/programs.

OBJECTIVE

ACTIVITIES

GOVERNANCE

To provide a decision-making process for the efficient allocation of scarce resources.

Includes the activities of members of Council and the administrative support available to the Council for the provision of governance of the district. Other costs relate to the task of assisting elected members and ratepayers on matters which do not concern specific local government services.

GENERAL PURPOSE FUNDING

To collect revenue to allow for the provision of services.

Rates, general purpose government grants and interest revenue.

LAW, ORDER, PUBLIC SAFETY

To provide services to help ensure a safer and environmentally conscious community.

Supervision and enforcement of various local laws relating to fire prevention, animal control and other aspects of public safety including emergency services.

HEALTH

To provide an operational framework for environmental and community health.

Inspection of food outlets and their control, provision of meat inspection services, noise control and waste disposal compliance.

EDUCATION AND WELFARE

To provide services to disadvantaged persons, the elderly, children and youth.

Maintenance of child minding centre, playgroup centre, senior citizen centre and aged care centre. Provision and maintenance of

HOUSING

To provide and maintain elderly residents housing.

Provision and maintenance of staff and elderly residents housing.

COMMUNITY AMENITIES

To provide services required by the community.

Rubbish collection services, operation of rubbish disposal sites, litter control, construction and maintenance of urban storm water drains, protection of the environment and administration of town planning schemes, cemetery, and public conveniences.

RECREATION AND CULTURE

To establish and effectively manage infrastructure and resources which will help the social wellbeing of the community.

Maintenance of public halls, recreation centres and various sporting facilities. Provision and maintenance of parks, gardens, and playgrounds. Operation of library, museum and other cultural facilities.

TRANSPORT

To provide safe, effective and efficient transport services to the community.

Construction and maintenance of roads, streets, footpaths, depots, cycleways, parking facilities and traffic control. Cleaning of streets and maintenance of street trees, street lighting etc.

ECONOMIC SERVICES

To help promote the local government and its economic wellbeing.

Tourism and area promotion including the maintenance and operation of a caravan park. Provision of rural services including weed control, vermin control, and standpipes. Building Control.

OTHER PROPERTY AND SERVICES

To monitor and control operating accounts.

Private works operations, plant repair and costs.

SHIRE OF DONNYBROOK BALINGUP
 NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
 FOR THE YEAR ENDED 30 JUNE 2020

33. FINANCIAL RATIOS

	2020 Actual	2019 Actual	2018 Actual
Current ratio	1.41	1.00	1.97
Asset consumption ratio	0.66	0.68	0.65
Asset renewal funding ratio	N/A	N/A	N/A
Asset sustainability ratio	0.51	0.63	0.55
Debt service cover ratio	17.47	38.04	15.81
Operating surplus ratio	(0.55)	(0.47)	(0.50)
Own source revenue coverage ratio	0.47	0.47	0.49

The above ratios are calculated as follows:

Current ratio	$\frac{\text{current assets minus restricted assets}}{\text{current liabilities minus liabilities associated with restricted assets}}$
Asset consumption ratio	$\frac{\text{depreciated replacement costs of depreciable assets}}{\text{current replacement cost of depreciable assets}}$
Asset renewal funding ratio	$\frac{\text{NPV of planned capital renewal over 10 years}}{\text{NPV of required capital expenditure over 10 years}}$
Asset sustainability ratio	$\frac{\text{capital renewal and replacement expenditure}}{\text{depreciation}}$
Debt service cover ratio	$\frac{\text{annual operating surplus before interest and depreciation}}{\text{principal and interest}}$
Operating surplus ratio	$\frac{\text{operating revenue minus operating expenses}}{\text{own source operating revenue}}$
Own source revenue coverage ratio	$\frac{\text{own source operating revenue}}{\text{operating expense}}$

Auditor General

INDEPENDENT AUDITOR'S REPORT

To the Councillors of the Shire of Donnybrook-Balingup

Report on the Audit of the Financial Report

Opinion

I have audited the annual financial report of the Shire of Donnybrook-Balingup which comprises the Statement of Financial Position as at 30 June 2020, and the Statement of Comprehensive Income by Nature or Type, Statement of Comprehensive Income by Program, Statement of Changes in Equity, Statement of Cash Flows and Rate Setting Statement for the year then ended, as well as notes comprising a summary of significant accounting policies and other explanatory information, and the Statement by the Chief Executive Officer.

In my opinion the annual financial report of the Shire of Donnybrook-Balingup:

- (i) is based on proper accounts and records; and
- (ii) fairly represents, in all material respects, the results of the operations of the Shire for the year ended 30 June 2020 and its financial position at the end of that period in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

Basis for Opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Report* section of my report. I am independent of the Shire in accordance with the *Auditor General Act 2006* and the relevant ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 *Code of Ethics for Professional Accountants* (the Code) that are relevant to my audit of the annual financial report. I have also fulfilled my other ethical responsibilities in accordance with the Code. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Emphasis of Matter – Basis of Accounting

I draw attention to Notes 1 and 10 to the annual financial report, which describe the basis of accounting. The annual financial report has been prepared for the purpose of fulfilling the City's financial reporting responsibilities under the Act, including the Local Government (Financial Management) Regulations 1996 (Regulations). My opinion is not modified in respect of these matters:

- (i) Regulation 17A requires a local government to measure vested improvements at fair value and the associated vested land at zero cost. This is a departure from AASB 16 *Leases* which would have required the entity to measure the vested improvements also at zero cost.
- (ii) In respect of the comparatives for the previous year ended 30 June 2019, Regulation 16 did not allow a local government to recognise some categories of land, including land under roads, as assets in the annual financial report.

Responsibilities of the Chief Executive Officer and Council for the Financial Report

The Chief Executive Officer (CEO) of the Shire is responsible for the preparation and fair presentation of the annual financial report in accordance with the requirements of the Act, the Regulations and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards. The CEO is also responsible for such internal control as the CEO determines is necessary to enable the preparation of the annual financial report that is free from material misstatement, whether due to fraud or error.

In preparing the annual financial report, the CEO is responsible for assessing the Shire's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the Shire.

The Council is responsible for overseeing the Shire's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Report

The objectives of my audit are to obtain reasonable assurance about whether the annual financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the annual financial report.

A further description of my responsibilities for the audit of the annual financial report is located on the Auditing and Assurance Standards Board website at https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf. This includes the identification and assessment of the risk of material misstatement due to fraud arising from management override of controls. This description forms part of my auditor's report.

Report on Other Legal and Regulatory Requirements

In accordance with the Local Government (Audit) Regulations 1996 I report that:

- (i) In my opinion, the following material matters indicate significant adverse trends in the financial position of the Shire:
 - a. The asset sustainability ratio as reported in Note 33 of the annual financial report is below the Department of Local Government, Sport and Cultural Industries (DLGSCI) standard for the last three years; and
 - b. The operating surplus ratio as reported in Note 33 of the annual financial report is below the Department of Local Government, Sport and Cultural Industries (DLGSCI) standard for the last three years.
- (ii) The following material matters indicating non-compliance with Part 6 of the *Local Government Act 1995*, the Local Government (Financial Management) Regulations 1996 or applicable financial controls of any other written law were identified during the course of my audit:
 - a. The Shire has not reported the Asset Renewal Funding Ratio for 2020, 2019 and 2018 in the annual financial report as required by Section 50(1) of the Local Government (Financial Management) Regulations 1996, as there is not a current long-term financial plan.
- (iii) All required information and explanations were obtained by me.
- (iv) All audit procedures were satisfactorily completed.
- (v) In my opinion, the asset consumption ratio included in the annual financial report were supported by verifiable information and reasonable assumptions.

Other Matter

The financial ratios for 2018 in Note 33 of the annual financial report were audited by another auditor when performing their audit of the Shire for the year ending 30 June 2018. The auditor expressed an unmodified opinion on the annual financial report for that year.

Matters Relating to the Electronic Publication of the Audited Financial Report

This auditor's report relates to the annual financial report of the Shire of Donnybrook-Balingup for the year ended 30 June 2020 included on the Shire's website. The Shire's management is responsible for the integrity of the Shire's website. This audit does not provide assurance on the integrity of the Shire's website. The auditor's report refers only to the annual financial report described above. It does not provide an opinion on any other information which may have been hyperlinked to/from this annual financial report. If users of the annual financial report are concerned with the inherent risks arising from publication on a website, they are advised to refer to the hard copy of the audited annual financial report to confirm the information contained in this website version of the annual financial report.

CARLY MEAGHER
ACTING SENIOR DIRECTOR FINANCIAL AUDIT
Delegate of the Auditor General for Western Australia
Perth, Western Australia
11 December 2020

— Shire of —
Donnybrook Balingup

**REPORT ON SIGNIFICANT ISSUES
IN THE 2019-20 AUDIT REPORT**

DECEMBER 2020

BACKGROUND

Under the Local Government Act 1995, the Shire of Donnybrook Balingup is required to prepare an Annual Financial Report each financial year and that report is to be the subject of an independent audit.

The Shire's 2019-20 audit was conducted by the Office of the Auditor General and their report, received on 11 December 2020, is attached at **Appendix 1**.

Section 7.12A(4) of the *Local Government Act 1995* requires a local government to:

“(a) prepare a report addressing any matters identified as significant by the auditor in the audit report, stating what action the local government has taken or intends to take with respect to each of those matters; and

(b) give a copy of that report to the Minister within 3 months after the audit report is received by the local government.”

Section 7.12A(5) further requires:

“Within 14 days after a local government gives a report to the Minister under subsection (4)(b), the CEO must publish a copy of the report on the local government's official website.”

For the year ending 30 June 2020, the Auditor General identified a significant adverse trend in relation to the financial position of the Shire in relation to two statutory ratios present in the Financial Report that did not meet the minimum standard as set by the Department of Local Government, Sport and Cultural Industries (the Department). These ratios being the Operating Surplus Statutory Ratio and Asset Sustainability Statutory Ratio have been under the Department's recommended levels for at least three years. The Audit report also raised a compliance matter in relation to the inability to calculate another statutory ratio as at 30 June 2020 being the Asset Renewal Funding Ratio.

Three ratios indicators of a local government's financial performance are measured by the following ratios:

Operating surplus ratio

$$\frac{\text{operating revenue minus operating expense}}{\text{own source operating revenue}}$$

own source operating revenue means revenue from rates and service charges, fees and user charges, reimbursements and recoveries, interest income and profit on disposal of assets.

The Operating Surplus Ratio measures the extent to which revenues raised cover operational expenses (including depreciation). The Department considers the ratio standard is met if the ratio is above 0.00. To achieve a positive level in the ratio requires operating revenue (excluding capital grants and contribution) to be greater

than operating expenditure (including depreciation).

It is typical of a local government similar to the Shire of Donnybrook Balingup to have an operating surplus ratio that does not meet the minimum requirements. This result reflects a reliance on sources of funding other than Council's own source funds such as rates.

A number of additional major items also directly influence the results of the Operating Surplus Ratio, such as:

1. The timing of operating grant funds being received in one financial year and expenditure being incurred in another e.g. pre-payment of the Federal Government Financial Assistance Grants.
2. The exclusion from the ratio of recurrent capital grants (such as specific purpose road grants) as a revenue.
3. The funding of operating projects from reserve funds. All operating expenditure must be included in the ratio calculations, however the funds from cash reserve are excluded, resulting in an apparent lower ability to fund operating expenditure.

In order to improve its Operating Surplus Ratio, the Council has limited options available to it. One measure could be to increasing rates substantially, however, this must be balanced with the community's capacity and willingness to pay.

An alternative is to review the Shire's major operating costs, including employment costs, materials and contracts, however, to achieve the required cost savings would have a dramatic adverse impact the level of service which the Shire is able to deliver to the community.

Asset sustainability ratio

$$\frac{\text{capital renewal and replacement expenditure}}{\text{Depreciation}}$$

capital renewal and replacement expenditure means expenditure to renew or replace existing assets;

The asset sustainability ratio measures the extent to which assets managed by the Shire are being renewed and replaced over time. The Department considers the ratio standard is met if the ratio is above 0.90, meaning that spending on renewal in any one year is 90% of the level of depreciation in that year.

The Shire's Asset Sustainability ratio has been under the target level of 0.90 for the past three consecutive years resulting in this item being raised as a significant adverse trend.

asset renewal funding ratio

$$\frac{\text{NPV of planned capital renewals over 10 years}}{\text{NPV of required capital expenditure over 10 years}}$$

The asset renewal funding ratio measures the alignment between spending expected in the long-term financial plan on asset renewals and the timing of asset renewal requirements set out the asset management plan(s). The closer the ratio is to one, the closer alignment.

ACTION TO BE TAKEN

Action to be taken on the Operating Surplus Ratio in the future

The Shire of Donnybrook Balingup does not have the immediate capacity in its current financial structure to bring the ratio in line with the Department's benchmark in the short term. The Shire will seek, as part of its long-term financial planning process, to make improvements to the Operating Surplus Ratio over time as opportunities present to improve revenue sources and make efficiencies in operating expenses.

Action to be taken on the Asset Sustainability Ratio in the future

The Shire is planning on a substantial capital works program over the next five years based on renewing and upgrading key assets and this is predicted to result in the ratio being above the benchmark during this time correcting this short-term issue.

Action to be taken on the Asset Renewal Funding Ratio in the future.

The asset renewal funding ratio requires a completed assets management plan for all categories of assets and a current long term financial plan. The Shire has completed all the asset management planning required for the ratio denominator however is just in the last phase of completing the long-term financial plan. As this plan was not completed at the time of the audit the ratio could not be calculated. It is expected this ratio will be able to be calculated in 2020-21.
